(g) The term "duty involving the servicing of aircraft or missiles with highly toxic fuels or propellants or the testing of aircraft or missile systems (or components of such systems) during which highly toxic fuels or propellants are used" shall be construed to mean duty performed by members as a primary duty that requires (1) removal, replacement, and servicing of the emergency power unit of an aircraft with H-70 propellant (30 percent water, 70 percent hydrazine); (2) participation by those personnel performing duties described in (g)(1) who must also participate in an emergency response force, spill containment, or spill cleanup involving H-70 propellant (30 percent water, 70 percent hydrazine); (3) handling and maintaining the liquid propellants (liquid oxidizer-nitrogen tetroxide; unsymmetrical dimethyl hydrazine) used in the Titan weapon system, if such duty requires qualification in the use of the Rocket Fuel Handler's Clothing Outfit and involves (A) launch duct operations, including flow, pressurization, on-load, set-up or tear down involving propellant transfer operations; (B) set-up, installation or tear down for fuel/oxidizer flow; (C) decontamination of equipment, including, but not limited to, the Rocket Fuel Handler's Clothing Outfit; (D) venting or pressurizing missile fuel or oxidizer tanks; (E) removing or replacing missile components while missile fuel and oxidizer tanks are loaded with such propellants; (F) transferring propellants between commercial and military holding trailers, or between holding trailers and fuel/oxidizer pump rooms; or normal preventive maintenance activities including, but not limited to, seal changes; (4) handling and maintaining the propellants, unsymmetrical dimethyl hydrazine and inhibited red-fuming nitric acid, used in the LANCE missile system; (5) handling, transporting or working with toxic fuels/propellants by members assigned to the Air Force Rocket Propulsion Lab (AFRPL) who (A) directly manage and inspect the activities of crew members conducting operations involving experimental rocket propulsion systems and components; (B) directly monitor and set up measurement instruments in operational areas where contamination is suspected or may be physically present; (C) install and remove instrumentation devices from propulsion systems and components; (D) perform final test preparation and immediate safety inspection duties around pressurized, active systems during prerun and postrun test periods; or, (E) install and repair electrical systems; (6) handling, loading/unloading and transporting toxic fuels and oxidizers at the precision sled track while working with the liquid rocket sled, which uses JP-X (a mixture of jet fuel (JP-4) and unsymmetrical dimethyl hydrazine) and red-fuming nitric acid and a propulsion; or (7) involvement with other toxic substances contained in missile or aircraft weapon system fuels or propellants as determined by the Secretary concerned. The entitlement to the pay provided for in this subsection is based upon the performance of such duty which has the potential for accidental or inadvertent exposure to highly toxic fuels or propellants or related substances and not upon actual quantifiable exposure to such substances. Therefore, neither this construction of the term nor the receipt of the pay provided for in this subsection may be construed as indicating that any person entitled to such pay has been actually exposed to highly toxic fuels or propellants or related substances contrary to the provisions of any statute, Executive order, rule, or regulation relating to health or safety which is applicable to the uniformed services.

(h) The term "duty involving frequent and regular exposure to highly toxic pesticides" shall be construed to mean duty performed by members who, while under competent orders assigning such members to the entomology, pest control, pest management, or preventive medicine functions of a uniformed service for a period of 30 consecutive days or more, are required to perform in any calendar month a fumigation task utilizing (1) phosphine, sulfuryl fluoride, hydrogen cyanide, methyl bromide, or (2) a fumigant of comparable high acute toxicity and hazard potential.

(i) The term "duty involving laboratory work that utilizes live dangerous viruses or bacteria" shall be construed to mean primary duty performed by members who work with micro-organisms (1) that cause disease (A) with a high potential for mortality, and (B) for which effective therapeutic procedures are not available, and (2) for which no effective prophylactic immunization exists, while such members are assigned by competent orders for a period of 30 consecutive days or more to participate in or conduct applied or basic research that is characterized by a changing variety of techniques, procedures, equipment, and experiments.

(a) An enlisted member who is entitled to basic pay and is performing duties which have been designated under subsection (b) of this section as extremely difficult or as involving an unusual degree of responsibility in a military skill may, in addition to other pay or allowances to which he is entitled, be paid special duty assignment pay at a monthly rate not to exceed $275.

(b) The Secretary concerned shall determine which enlisted members under his jurisdiction are to be paid special duty assignment pay under subsection (a) of this section. He shall also designate those skills within each armed force under his jurisdiction for which special duty assignment pay is authorized and shall prescribe the criteria under which members of that armed force are eligible for special duty assignment pay in each skill. He may increase, decrease, or abolish such pay for any skill.

(c) This section shall be administered under regulations prescribed by the Secretary of Defense for the armed forces under his jurisdiction and by the Secretary of Transportation for the Coast Guard when the Coast Guard is not operating as a service in the Navy.

(As amended Pub. L. 98-525, title VI, § 623(b)(1), Oct. 19, 1984, 98 Stat. 2541.)

AMENDMENTS

1984—Pub. L. 98-525 substituted "special duty assignment pay for enlisted members" for "proficiency pay for enlisted members" in section catchline.

Subsec. (a). Pub. L. 98-525 substituted provisions directing that an enlisted member who is entitled to basic pay and is performing duties which have been designated under subsection (b) of this section as extremely difficult or as involving an unusual degree of responsibility in a military skill may, in addition to other pay or allowances to which he is entitled, be paid special duty assignment pay at a monthly rate not to exceed $275, for provisions which directed that an enlisted member of a uniformed service who was entitled to basic pay and was designated as being specially proficient in a military skill of the uniformed service concerned could (1) be advanced to an enlisted pay grade that was higher than his pay grade at the time of his designation and be entitled to the basic pay and special or incentive pay of that higher grade, or (2) in addition to other pay or allowances to which he was entitled under this title, be paid proficiency pay at a monthly rate that was not more than the rate prescribed in a table for the proficiency rating to which he was assigned, setting maximum monthly rates of $50, $100, or $150.

Subsec. (b). Pub. L. 98-525 redesignated subsec. (c) as (b), and in subsec. (b) as so redesignated, substituted references to special duty assignment pay for former references to proficiency pay and struck out provisions which had authorized the Secretary to elect one of two methods formerly set out in subsecs. (a)(1) and (a)(2) for paying each uniformed service under his jurisdiction, with a proviso that if he elected to have proficiency pay paid under former subsec. (a)(1) of this section, enlisted members in a military grade or rank assigned to pay grade E-8 or E-9 could be paid proficiency pay at a monthly rate that is not more than the highest rate prescribed by subsection (a)(2) of this section, but if he elected to have proficiency pay paid under subsection (a)(2) of this section, he could prescribe, within the limitations set forth in that subsection, the pay for each proficiency rating prescribed therein. Former subsec. (b), which had provided that an enlisted member who had less than 8 or 10 years, as the case might be, of enlisted service computed under section 205 of this title and who had been advanced under subsection (a)(1) of this section to pay grade E-8 or E-9, respectively, was entitled to the minimum amount of basic pay and special or incentive pay prescribed for that pay grade until his years of service computed under that section entitled him to a higher rate of those pays, was struck out.

Subsecs. (c), (d). Pub. L. 98-525 redesignated subsec. (d) as (c) and in subsec. (c), as so redesignated, substituted "armed forces under his jurisdiction" for "uniformed services under his jurisdiction". Former subsec. (c) redesignated (b) and amended.

Any fee established by the Government for the use of such a facility shall be established in an amount sufficient to cover the cost of maintenance, services, and utilities and to amortize the cost of construction of the facility over the 25-year period beginning with the completion of such construction.

(*l*)(1) The Secretary of Defense, or the Secretary of Transportation in the case of the Coast Guard when not operating as a service in the Navy, may allow the dependents of a member of the Armed Forces who dies in line of duty and whose dependents are occupying family housing provided by the Department of Defense, or by the Department of Transportation in the case of the Coast Guard, other than on a rental basis on the date of the member's death to continue to occupy such housing without charge for a period of 90 days.

(2) The Secretary concerned may pay an allowance for quarters to the dependents of a member of the uniformed services who dies in line of duty and whose dependents are not occupying a housing facility under the jurisdiction of a uniformed service on the date of the member's death or are occupying such housing on a rental basis on such date, or whose dependents vacate such housing sooner than 90 days after the date of the member's death. The amount of the allowance for quarters shall be the same amount that would be payable to the deceased member under sections 403, 403a, and 405 of this title if the member had not died. The payment of an allowance for quarters under this subsection shall terminate 90 days after the date of the member's death.

Section Referred to in Other Sections

This section is referred to in sections 407, 419, 1003, 1009 of this title; title 32 section 107; title 50 App. section 454.

§ 403a. Variable housing allowance

(a)(1) Except as provided in subsection (b) of this section, a member of a uniformed service entitled to basic allowance for quarters is entitled to a variable housing allowance under this section whenever assigned to duty in an area of the United States which is a high housing cost area with respect to that member. A member with dependents who is assigned to an unaccompanied tour of duty outside the United States is entitled to a variable housing allowance while serving that tour of duty for any period during which the member's dependents reside in an area of the United States where, if the member were assigned to duty in that area, the member would be entitled to receive a variable housing allowance. The allowance authorized by this section may be paid in advance.

(2) In the case of a member with dependents—

(A) who is assigned to duty inside the United States the location or the circumstances of which make it necessary that his dependents reside at another location; and

(B) whose dependents reside in an area of the United States where, if the member were assigned to duty in that area, the member would be entitled to receive a variable housing allowance at a rate other than the rate to which the member is entitled (if at all) in the area of his duty assignment,

the member may be paid a variable housing allowance as if he were assigned to duty in the area in which his dependents reside if the Secretary concerned determines (under regulations prescribed under subsection (e) of this section) that it would be inequitable to base the member's entitlement to, and amount of, variable housing allowance on the area to which the member is assigned.

(3) In the case of a member with dependents—

(A) who is assigned to an unaccompanied tour of duty in Alaska or Hawaii; and

(B) who would, if his duty station were outside the United States, be entitled to a family separation allowance under section 427(a) of this title,

the member may be paid a variable housing allowance at the rate applicable to a member without dependents serving in the same grade and at the same location. Payment of a variable housing allowance under this paragraph shall be in addition to any allowance or per diem to which the member otherwise may be entitled under this title.

(4) In the case of a member with dependents—

(A) who is assigned to duty inside the United States;

(B) who is authorized to receive the basic allowance for quarters at the rate established for a member with dependents solely by reason of the payment of child support by the member; and

(C) who is not assigned to a housing facility under the jurisdiction of a uniformed service,

the member may be paid a variable housing allowance at the rate applicable to a member without dependents serving in the same grade and at the same location.

(b) A member of a uniformed service may not be paid a variable housing allowance—

(1) in the case of a member who makes a change in permanent duty station, for the number of days that travel is authorized between permanent duty stations (under regulations prescribed under subsection (e) of this section);

(2) in the case of a member with dependents who is authorized the basic allowance for quarters at the rate established for a member with dependents solely by reason of the payment of child support by the member, if—

(A) the member is assigned to a housing facility under the jurisdiction of a uniformed service; or

(B) the member (i) is assigned to duty outside the United States or in Alaska or Hawaii, and (ii) is authorized a station housing allowance under section 405 of this title; or

(3) in the case of a member of a reserve component, while on active duty under a call or order to active duty specifying a period of less than 140 days.

(c)(1) The monthly amount of a variable housing allowance under this section for a member of a uniformed service with respect to an area is the difference between (A) the median monthly cost of housing in that area for members of the uniformed services serving in the same pay grade and with the same dependency status as that member, and (B) 80 percent of the median monthly cost of housing in the United States for members of the uniformed services serving in the same pay grade and with the same dependency status as that member.

(2) The rates of variable housing allowance shall be reduced as necessary to comply with subsection (d) of this section.

(3) The effective date of any adjustment in rates of variable housing allowance because of a redetermination of median monthly costs of housing under this subsection shall be the same as the effective date of the next increase after such redetermination in the basic allowances for quarters.

(4) For the purposes of this section, an area shall be considered to be a high housing cost area with respect to a member of a uniformed service whenever the median monthly cost of housing in that area for members of the uniformed services serving in the same pay grade and with the same dependency status as that member exceeds 80 percent of the median monthly cost of housing in the United States for members of the uniformed services serving in the same pay grade and with the same dependency status as that member.

(5) Any reduction required under paragraph (2) of this subsection and any determination of median monthly costs of housing under this subsection shall be made under regulations prescribed under subsection (e) of this section.

(6)(A) The monthly variable housing allowance that would otherwise be paid to a member under this section shall be reduced by an amount equal to one-half of the amount (if any) by which—

(i) the total monthly housing allowance prescribed for members of the same grade as such member who are assigned to duty in the same area as such member (or in the same area in which the dependents of the member reside, as appropriate), exceeds

(ii) the monthly housing costs of the member in the area in which the member is assigned to duty (or in the area in which the dependents of the member reside, as appropriate).

(B) In subparagraph (A), "total monthly housing allowance" means, in the case of any member, the sum of—

(i) the monthly basic allowance for quarters to which the member is entitled; and

(ii) the monthly variable housing allowance prescribed for the same grade as such member for the area in which the member is assigned to duty (or in the area in which the dependents of the member reside, as appropriate).

(d)(1) The total amount that may be paid for a fiscal year for the variable housing allowance authorized members of the uniformed services by this section is the product of—

(A) the total amount authorized to be paid for such allowance for the preceding fiscal year (as adjusted under paragraph (3) of this subsection); and

(B) a fraction—

(i) the numerator of which is the military housing cost index for October of the preceding fiscal year; and

(ii) the denominator of which is the military housing cost index for October of the fiscal year before the preceding fiscal year.

(2) The military housing cost index is the housing component of the Consumer Price Index (as determined by the Bureau of Labor Statistics of the Department of Labor), as adjusted under regulations prescribed under subsection (e) of this section. Such regulations may assign weights to the elements of that housing component other than those assigned by the Secretary of Labor in order more appropriately to reflect the distribution of elements of housing costs of members of the uniformed services.

(3) In making a determination under paragraph (1) of this subsection for a fiscal year, the amount authorized to be paid for the preceding fiscal year for the variable housing allowance shall be adjusted to reflect changes during the year for which the determination is made in the number, grade distribution, and dependency status of members of the uniformed services entitled to variable housing allowance from the number of such members during the preceding fiscal year. Adjustments under this paragraph shall be made in accordance with regulations prescribed under subsection (e) of this section.

(e)(1) The President may prescribe regulations for the administration of this section.

(2) Any regulations prescribed under paragraph (1) may not allow—

(A) an increase in the variable housing allowance rate for a pay grade in a survey area solely to prevent the variable housing allowance rate for a lower pay grade in the survey area from exceeding such rate; or

(B) a failure to lower the variable housing allowance rate for a pay grade in a survey area in accordance with a decrease in housing costs for such pay grade in such area reported on the variable housing allowance survey.

(3) Paragraph (2) shall not apply to regulations prescribed with respect to any pay grade in a survey area for which available data describe fewer than 50 persons in the pay grade.

STATUS AND ROLE OF ADMINISTRATOR OF VETERANS' AFFAIRS; MEMBER OF CABINET, SENSE OF CONGRESS

Pub. L. 98-160, title V, Nov. 21, 1983, 97 Stat. 1005, provided that:

"CONGRESSIONAL FINDINGS

"SEC. 501. The Congress finds that—

"(1) the Nation has an historic and deeply-rooted commitment to providing benefits and services to those who served in the Armed Forces;

"(2) this commitment must be continued and maintained, both to fulfill moral obligations to those who served in the past and to assure current and potential members of the Armed Forces that the Nation's obligations to those who serve will always be honored;

"(3) the Veterans' Administration is the principal Federal entity responsible for veterans' benefits and programs;

"(4) the Veterans' Administration has a potential population of beneficiaries of over 28 million veterans and over 55 million survivors and dependents;

"(5) the Veterans' Administration will distribute over $13.8 billion in income maintenance payments and over $1.5 billion in education, training, and rehabilitation assistance payments during fiscal year 1984, operates one of the Federal Government's two major home loan guaranty programs, with over four million loans currently guaranteed, administers the largest direct insurance program in the Nation, and operates 108 national cemeteries and provides burial assistance for nearly 350,000 deceased veterans annually;

"(6) the Veterans' Administration operates the largest centrally administered health-care system—consisting of, among other facilities, 172 hospitals, 226 outpatient clinics, and 99 nursing home care units—in the United States;

"(7) the Veterans' Administration health-care system serves as the primary backup to the medical resources of the Department of Defense in time of war or national emergency involving the use of the Armed Forces in armed conflict;

"(8) in terms of share of the annual Federal budget, the Veterans' Administration ranks sixth among Federal departments and agencies, and among Federal departments and agencies only the Department of Defense employs more personnel;

"(9) the Administrator of Veterans' Affairs is the principal executive branch official responsible for the administration of the benefits, services, and programs of the Veterans' Administration and for seeking the coordination of veterans' programs administered by other Federal departments and agencies;

"(10) there is a need for greater coordination between the Veterans' Administration and other Federal entities administering veterans programs and between the Veterans' Administration and other Federal entities providing similar benefits to individuals on a basis other than their status as veterans;

"(11) by virtue of the Administrator of Veterans' Affairs not being included in the President's Cabinet, the Administrator generally is not included in Cabinet meetings and deliberations and generally does not have the ready access to the President and senior advisers on the President's staff that Cabinet members have; and

"(12) as a consequence, Presidential decisions affecting veterans and the Veterans' Administration are made from time to time without an understanding of their full impact on veterans and on the Veterans' Administration's performance of its statutory missions.

"SENSE OF THE CONGRESS

"SEC. 502. In view of the findings in section 501, it is the sense of the Congress that the Administrator of Veterans' Affairs should be designated by the President as a member of, and a full participant in all activities of, the Cabinet and as the President's principal adviser on all matters relating to veterans and their dependents."

Such study shall include, but not necessarily be limited to, a study of identifiable prevalent illnesses, including malignancies, in the persons exposed.

"(B) If the Administrator, in consultation with the Director of the Office of Technology Assessment, determines that it is not feasible to conduct scientifically valid study of any or all of the matters required under subparagraph (A) to be studied—

"(i) the Administrator shall promptly submit to the appropriate committees of the Congress notice of that determination and the reasons therefor; and

"(ii) the Director, not later than 60 days after such notice is provided, shall submit to such committees a report evaluating and commenting on such determination.

"(2) Not later than one year after the date of the enactment of this Act [Nov. 21, 1983], the Administrator shall submit to the appropriate committees of the Congress a report on the development of a protocol or protocols for study under paragraph (1)(A). "(3)(A) The Director of the Office of Technology Assessment shall monitor the development of the protocol or protocols for, and the conduct of, study under paragraph (1)(A) and shall submit to the appropriate committees of the Congress, at each of the times specified in the next sentence, a report on such monitoring. Reports under the preceding sentence shall be submitted within 6 months after the date of the enactment of this Act [Nov. 21, 1983], within 12 months after such date, within 25 months after such date, and annually thereafter until such study is completed.

"(B) If any protocol to which paragraph (2) applies (or any part of such protocol) is not completed by the end of the 12-month period beginning on the date of the enactment of this Act, the Director shall periodically submit to such committees reports on the status of the development of such protocol.

"(4) When the Administrator has entered into a contract or agreement with an agency or person for the conduct of a study under paragraph (1)(A), the Administrator and such agency or person shall submit to the appropriate committees of the Congress a joint report containing a copy of the contract and an estimate of the total cost of such study.

Such report shall contain (i) a description of the progress on and any results obtained under such study, and (ii) such comments, and such recommendations for administrative and legislative action, as the Administrator considers appropriate in light of such progress and results.

"(B) Immediately after the submission of each report under subparagraph (A), the Administrator, based on the results described in such report and the comments and recommendations included therein and any other available pertinent information, shall evaluate the need for any amendments to regulations, prescribed pursuant to section 5 of the Veterans' Dioxin and Radiation Exposure Compensation Standards Act [section 5 of Pub. L. 98-542, set out as a note under section 354 of this title], for the resolution of claims for service connection based on the exposure specified in subsection (a)(1)(B) of such section. To the extent that the Administrator determines that any amendments to such regulations are needed, the Administrator, not later than 90 days after such submission, shall develop and publish in the Federal Register, for public review and comment, proposed amendments to such regulations.

"(C) The requirement in subparagraph (A) for the submission of annual reports shall expire upon the submission of a report after the completion of study under paragraph (1)(A).

"(6) A contract to carry out study under paragraph (1)(A) may not be entered into unless (A) appropriations for payments under the contract have been provided in advance, or (B) the contract provides that the obligation of the United States to make payments under the contract is contingent upon the availability of funds appropriated for the making of such payments.

"(7) There are authorized to be appropriated such sums as may be necessary for the conduct of study under subsection (a)(1)(A).

"(b) Not later than one year after the date of the enactment of this Act [Nov. 21, 1983], the Administrator shall develop and distribute to appropriate Veterans' Administration personnel an indexed reference guide, derived from existing pertinent research-result compilations, designed to provide Veterans' Administration personnel who either furnish health care or adjudicate claims for benefits under title 38, United States Code, with readily usable information regarding the state of medical and other scientific information on any long-term adverse health effects in humans of exposure to ionizing radiation, including nuclear-device exposure, medical exposure, and occupational exposure.

"(c)(1) For the purpose of ensuring that any study, research, or other activity carried out by the Federal Government with respect to adverse health effects in humans from exposure to ionizing radiation is scientifically valid and is conducted with efficiency and objectivity, the President shall ensure that—

"(A) activities of the Veterans' Administration in connection with (i) study under subsection (a)(1)(A), (ii) the development of the guide required by subsection (b), and (iii) such additional research as may be identified, as a result of such study or the development of such guide or otherwise, as necessary for the resolution of questions regarding such effects are fully coordinated with studies and other activities which are planned, are being conducted, or have been completed by other departments, agencies, and instrumentalities of the Federal Government and which pertain to such effects, including the radioepidemiological tables mandated by section 7 of the Orphan Drug Act (Public Law 97-414; 96 Stat. 2059) [42 U.S.C. 241 note]; and

"(B) appropriate coordination and consultation occurs between and among the Administrator and the heads of such departments, agencies, and instrumentalities that may be engaged, during the conduct of study under subsection (a)(1)(A), in the design, conduct, monitoring, or evaluation of such radiation-exposure studies or related activities.

"(2) Not later than 90 days after the date of the enactment of this Act [Nov. 21, 1983], the President shall submit to the appropriate committees of the Congress a report containing a description of the steps taken and plans made to ensure the coordination and consultation required by paragraph (1)."

(r) Subject to section 3203(e) of this title, if any veteran, otherwise entitled to compensation authorized under subsection (*o*) of this section, at the maximum rate authorized under subsection (p) of this section, or at the intermediate rate authorized between the rates authorized under subsections (n) and (*o*) of this section and at the rate authorized under subsection (k) of this section, is in need of regular aid and attendance, then, in addition to such compensation—

For the purposes of clause (2) of this subsection, need for a higher level of care shall be considered to be need for personal health-care services provided on a daily basis in the veteran's home by a person who is licensed to provide such services or who provides such services under the regular supervision of a licensed health-care professional. The existence of the need for such care shall be determined by a physician employed by the Veterans' Administration or, in areas where no such physician is available, by a physician carrying out such function under contract or fee arrangement based on an examination by such physician. For the purposes of section 334 of this title, such allowance shall be considered as additional compensation payable for disability.

(s) If the veteran has a service-connected disability rated as total, and (1) has additional service-connected disability or disabilities independently ratable at 60 percent or more, or (2) by reason of such veteran's service-connected disability or disabilities, is permanently housebound, then the monthly compensation shall be $1,494. REFERENCES IN TEXT

Section 5 of the Veterans' Dioxin and Radiation Exposure Compensation Standards Act, referred to in subsec. (a), is section 5 of Pub. L. 98-542, Oct. 24, 1984, 98 Stat. 2727, which is set out as a note below.

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-542 designated existing provisions as cl. (1) and added cl. (2).

VETERANS' DIOXIN AND RADIATION EXPOSURE COMPENSATION STANDARDS; CONGRESSIONAL FINDINGS AND STATEMENT OF PURPOSE

Sections 1-3 of Pub. L. 98-542 provided that:

"SHORT TITLE

"SECTION 1. This Act [amending this section, enacting provisions set out as notes under this section, and amending provisions set out as notes under section 219 of this title] may be cited as the 'Veterans' Dioxin and Radiation Exposure Compensation Standards Act'.

"FINDINGS

"SEC. 2. The Congress makes the following findings:

"(1) Veterans who served in the Republic of Vietnam during the Vietnam era and veterans who participated in atmospheric nuclear tests or the American occupation of Hiroshima or Nagasaki, Japan, are deeply concerned about possible long-term health effects of exposure to herbicides containing dioxin or to ionizing radiation.

"(2) There is scientific and medical uncertainty regarding such long-term adverse health effects.

"(3) In section 102 of Public Law 97-22 [see Tables for classifications], the Congress responded to that uncertainty by authorizing priority medical care at Veterans' Administration facilities for any disability of a veteran who may have been so exposed (even though there is insufficient medical evidence linking such disability with such exposure) unless the disability is found to have resulted from a cause other than the exposure.

"(4) The Congress has further responded to that medical and scientific uncertainty by requiring, in section 307 of Public Law 96-151 and section 601 of Public Law 98-160 [set out as notes under section 219 of this title], the conduct of thorough epidemiological studies of the health effects experienced by veterans in connection with exposure both to herbicides containing dioxin and (if not determined to be scientifically infeasible) to radiation, and by requiring in Public Law 97-414 [see Tables for classifications], the development of radioepidemiological tables setting forth the probabilities of causation between various cancers and exposure to radiation.

"(5) There is some evidence that chloracne, porphyria cutanea tarda, and soft tissue sarcoma are associated with exposure to certain levels of dioxin as found in some herbicides and that most types of leukemia, malignancies of the thyroid, female breast, lung, bone, liver, and skin, and polycythemia vera are associated with exposure to certain levels of ionizing radiation.

"(6) As of the date of the enactment of this Act [Oct. 24, 1984], there are sixty-six federally sponsored research projects being conducted relating to herbicides containing dioxin, at a cost to the Federal Government in excess of $130,000,000 and, as of 1981, federally sponsored research projects relating to ionizing radiation were costing the Federal Government more than $115,000,000.

"(7) The initial results of one project—an epidemiological study, conducted by the United States Air Force School of Aerospace Medicine, of the health status of the 'Ranch Hand' veterans who carried out the loading and aerial spraying of herbicides containing dioxin in Vietnam and in the process came into direct skin contact with such herbicides in their most concentrated liquid form—were released on February 24, 1984, and contained the conclusion 'that there is insufficient evidence to support a cause and effect relationship between herbicide exposure and adverse health in the Ranch Hand group at this time'.

"(8) The 'film badges' which were originally issued to members of the Armed Forces in connection with the atmospheric nuclear test program have previously constituted a primary source of dose information for veterans (and survivors of veterans) filing claims for Veterans' Administration disability compensation or dependency and indemnity compensation in connection with exposure to radiation.

"(9) These film badges often provide an incomplete measure of radiation exposure, since they were not capable of recording inhaled, ingested, or neutron doses (although the Defense Nuclear Agency currently has the capability to reconstruct individual estimates of such doses), were not issued to most of the participants in nuclear tests, often provided questionable readings because they were shielded during the detonation, and were worn for only limited periods during and after each nuclear detonation.

"(10) Standards governing the reporting of dose estimates in connection with radiation-related claims for Veterans' Administration disability compensation vary among the several branches of the Armed Forces, and no uniform minimum standards exist.

"(11) The Veterans' Administration has not promulgated permanent regulations setting forth specific guidelines, standards, and criteria for the adjudication of claims for Veterans' Administration disability compensation based on exposure to herbicides containing dioxin or to ionizing radiation.

"(12) Such claims (especially those involving health effects with long latency periods) present adjudicatory issues which are significantly different from issues generally presented in claims based upon the usual types of injuries incurred in military service.

"(13) It has always been the policy of the Veterans' Administration and is the policy of the United States, with respect to individual claims for service connection of diseases and disabilities, that when, after consideration of all evidence and material of record, there is an approximate balance of positive and negative evidence regarding the merits of an issue material to the determination of a claim, the benefit of the doubt in resolving each such issue shall be given to the claimant.

"PURPOSE

"SEC. 3. The purpose of this Act is to ensure that Veterans' Administration disability compensation is provided to veterans who were exposed during service in the Armed Forces in the Republic of Vietnam to a herbicide containing dioxin or to ionizing radiation in connection with atmospheric nuclear tests or in connection with the American occupation of Hiroshima or Nagasaki, Japan, for all disabilities arising after that service that are connected, based on sound scientific and medical evidence, to such service (and that Veterans' Administration dependency and indemnity compensation is provided to survivors of those veterans for all deaths resulting from such disabilities)."

REQUIREMENT FOR AND CONTENT OF REGULATIONS; ADVISORY COMMITTEE ON ENVIRONMENTAL STANDARDS; NUCLEAR RADIATION MATTERS INVOLVING OTHER AGENCIES

Sections 5-7 of Pub. L. 98-542 provided that:

"REQUIREMENT FOR AND CONTENT OF REGULATIONS

"SEC. 5. (a) In carrying out the responsibilities of the Administrator of Veterans' Affairs under section 354(a)(2) of title 38, United States Code, and in order to promote consistency in claims processing and decisions, the Administrator shall prescribe regulations to—

"(1) establish guidelines and (where appropriate) standards and criteria for the resolution of claims for benefits under laws administered by the Veterans' Administration where the criteria for eligibility for a benefit include a requirement that a death or disability be service connected and the claim of service connection is based on a veteran's exposure during service—

"(A) in the Republic of Vietnam during the Vietnam era to a herbicide containing dioxin, or

"(B) in connection with such veteran's participation in atmospheric nuclear tests or with the American occupation of Hiroshima or Nagasaki, Japan, prior to July 1, 1946, to ionizing radiation from the detonation of a nuclear device; and

"(2) ensure that, with respect to those claims, the policy of the United States described in section 2(13) [set out as a note above] is carried out.

"(b)(1)(A) The guidelines required to be established in regulations prescribed under this section shall include guidelines governing the evaluation of the findings of scientific studies relating to the possible increased risk of adverse health effects of exposure to herbicides containing dioxin or of exposure to ionizing radiation. Those guidelines shall require that, in the evaluation of those studies, the Administrator shall take into account whether the results are statistically significant, are capable of replication, and withstand peer review.

"(B) The evaluations described in subparagraph (A) shall be made by the Administrator of Veterans' Affairs after receiving the advice of the appropriate panel of the Scientific Council of the Veterans' Advisory Committee on Environmental Hazards (established under section 6). Those evaluations shall be published in the notice section of the Federal Register.

"(C) The standards and criteria required to be established in regulations prescribed under this section shall include provisions governing the use in the adjudication of individual claims of the Administrator's evaluations made under subparagraph (B).

"(2)(A)(i) In prescribing regulations under this section, the Administrator (after receiving the advice of the Advisory Committee and of the appropriate panel of the Scientific Council of the Veterans' Advisory Committee on Environmental Hazards regarding the diseases described in subparagraph (B)) shall make determinations, based on sound medical and scientific evidence, with respect to each disease described in subparagraph (B) as to whether service connection shall, subject to division (ii) of this subparagraph, be granted in the adjudication of individual cases. In making determinations regarding such diseases, the Administrator shall give due regard to the need to maintain the policy of the United States with respect to the resolution of contested issues as set forth in section 2(13) [set out as a note above]. The Administrator shall set forth in such regulations such determinations, with any specification (relating to exposure or other relevant matter) of limitations on the circumstances under which service connection shall be granted, and shall implement such determinations in accordance with such regulations.

"(ii) If the Administrator makes a determination, pursuant to this subparagraph, that service connection shall be granted in the case of a disease described in subparagraph (B), the Administrator shall specify in such regulations that, in the adjudication of individual cases, service connection shall not be granted where there is sufficient affirmative evidence to the contrary or evidence to establish that an intercurrent injury or disease which is a recognized cause of the described disease has been suffered between the date of separation from service and the onset of such disease or that the disability is due to the veteran's own willful misconduct.

"(iii) With regard to each disease described in subparagraph (B), the Administrator shall include in the regulations prescribed under this section provisions specifying the factors to be considered in adjudicating issues relating to whether or not service connection should be granted in individual cases and the circumstances governing the granting of service connection for such disease.

"(B) The diseases referred to in subparagraph (A) are those specified in section 2(5) [set out as a note above] and any other disease with respect to which the Administrator finds (after receiving and considering the advice of the appropriate panel of the Scientific Council established under section 6(d)(2)) that there is sound scientific or medical evidence indicating—

"(i) a connection to exposure to a herbicide containing dioxin, in the case of a veteran who was exposed to that herbicide during such veteran's service in the Republic of Vietnam during the Vietnam era, or

"(ii) a connection to exposure to ionizing radiation, in the case of a veteran who was exposed to ionizing radiation in connection with such veteran's participation in an atmospheric nuclear test or with the American occupation of Hiroshima or Nagasaki, Japan, before July 1, 1946.

"(3) The regulations prescribed under this section shall include—

"(A) specification of the maximum period of time after exposure to such herbicide or ionizing radiation for the development of those diseases; and

"(B) a requirement that a claimant filing a claim based upon a veteran's exposure to a herbicide containing dioxin or to ionizing radiation from the detonation of a nuclear device may not be required to produce evidence substantiating the veteran's exposure during active military, naval, or air service if the information in the veteran's service records and other records of the Department of Defense is not inconsistent with the claim that the veteran was present where and when the claimed exposure occurred.

"(c)(1) The Administrator of Veterans' Affairs shall develop the regulations required by this section (and any amendment to those regulations) through a public review and comment process in accordance with the provisions of section 553 of title 5, United States Code. That process may include consideration by the Administrator of the recommendations of the Veterans' Advisory Committee on Environmental Hazards and the Scientific Council thereof (established under section 6) with respect to the proposed regulations, and that process shall include consideration by the Administrator of the recommendations of the Committee and the Council with respect to the final regulations and proposed and final amendments to such regulations. The period for public review and comment shall be completed not later than ninety days after the proposed regulations or proposed amendments are published in the Federal Register.

"(2)(A) Not later than one hundred and eighty days after the date of the enactment of this Act [Oct. 24, 1984], the Administrator shall develop and publish in the Federal Register a proposed version of the regulations required to be prescribed by this section.

"(B) Not later than three hundred days after the date of the enactment of this Act [Oct. 24, 1984], the Administrator shall publish in the Federal Register the final regulations (together with explanations of the bases for the guidelines, standards, and criteria contained therein) required to be prescribed by this section.

"(g) The Administrator shall provide administrative support services and fiscal support for the Committee.

"NUCLEAR RADIATION MATTERS INVOLVING OTHER AGENCIES

"(C) enter into an interagency agreement with the Administrator of Veterans' Affairs for the purpose of assisting the Administrator in identifying agencies or other entities capable of furnishing services involving the use of such devices and techniques.

"(b) The Administrator of Veterans' Affairs, in resolving material differences between a radiation dose estimate, from a credible source, submitted by a veteran or survivor and a radiation dose estimate prepared and transmitted by the Director of the Defense Nuclear Agency, shall provide for the preparation of a radiation dose estimate by an independent expert, who shall be selected by the Director of the National Institutes of Health and who shall not be affiliated with the Defense Nuclear Agency, and the Administrator shall provide for the consideration of such independent estimate in connection with the adjudication of the claim for Veterans' Administration compensation."

INTERIM BENEFITS FOR DISABILITY OR DEATH IN CERTAIN CASES

Section 9 of Pub. L. 98-542 provided that:

"(a)(1) In the case of a veteran—

"(3) if the Administrator determines, based on evidence in the veteran's service records and other records of the Department of Defense, that the veteran was not exposed to dioxin during active military, naval, or air service in the Republic of Vietnam during the Vietnam era.

"(d)(1) A disability benefit payable to a veteran under this section for a disease described in subsection (b) shall be paid at the rate at which compensation would be payable under chapter 11 [§ 301 et seq.] of title 38, United States Code, to that veteran for the disability resulting from that disease if the disability were determined to be service-connected.

"(2) A death benefit payable under this section to the survivors of a veteran shall be paid to such survivors based upon the eligibility requirements (other than the requirement that death be the result of a service-connected or compensable disability) and at the rates that are applicable to dependency and indemnity compensation under chapter 13 [§ 401 et seq.] of that title.

"(e) A benefit may not be paid under this section with respect to a disease or the death of a veteran for any month for which compensation is payable to that veteran for that disease under chapter 11 [§ 301 et seq.] of title 38, United States Code, or for which dependency and indemnity compensation is payable for that death under chapter 13 [§ 401 et seq.] of such title.

"(f) A disease establishing eligibility for a disability or death benefit under this section shall be treated for purposes of all other laws of the United States (other than chapters 11 [§ 301 et seq.] and 13 [§ 401 et seq.] of title 38, United States Code) as if such disease were service connected. The receipt of a disability benefit under this section shall be treated for purposes of all other laws of the United States as if such benefit were compensation under chapter 11 of such title, and the receipt of a death benefit under this section shall be treated for purposes of all other laws of the United States as if such benefit were dependency and indemnity compensation under chapter 13 of title 38, United States Code.

"(g) For the purposes of this section:

§ 355. Authority for schedule for rating disabilities

The Administrator shall adopt and apply a schedule of ratings of reductions in earning capacity from specific injuries or combination of injuries. The ratings shall be based, as far as practicable, upon the average impairments of earning capacity resulting from such injuries in civil occupations. The schedule shall be constructed so as to provide ten grades of disability and no more, upon which payments of compensation shall be based, namely, 10 percent, 20 percent, 30 percent, 40 percent, 50 percent, 60 percent, 70 percent, 80 percent, 90 percent, and total, 100 percent. The Administrator shall from time to time readjust this schedule of ratings in accordance with experience.

§ 363. Temporary program for trial work periods and vocational rehabilitation for certain veterans with total disability ratings

(a)(1) The disability rating of a qualified veteran who begins to engage in a substantially gainful occupation during the program period may not be reduced on the basis of the veteran having secured and followed a substantially gainful occupation unless the veteran maintains such an occupation for a period of 12 consecutive months.

(2) For purposes of this section:

(A) The term "qualified veteran" means a veteran who has a service-connected disability, or service-connected disabilities, not rated as total but who has been awarded a rating of total disability by reason of inability to secure or follow a substantially gainful occupation as a result of such disability or disabilities.

(B) The term "program period" means the period beginning on February 1, 1985, and ending on January 31, 1989.

(b) During the program period, the Administrator shall make counseling services described in section 1504(a)(2) of this title and placement and postplacement services described in section 1504(a)(5) of this title available to each qualified veteran (whether or not the veteran is participating in a vocational rehabilitation program under chapter 31 of this title).

(c)(1)(A) Except as provided in paragraph (4) of this subsection, in the case of each award during the program period of a rating of total disability described in subsection (a)(2)(A) of this section to a veteran, the Administrator shall provide to the veteran, at the time that notice of the award is provided to the veteran, a statement providing—

(i) notice of the provisions of this section;

(ii) information explaining the purposes and availability of and eligibility for, and the procedures for pursuing, a vocational rehabilitation program under chapter 31 of this title; and

(iii) a summary description of the scope of services and assistance available under that chapter.

(B) After providing the notice required under subparagraph (A) of this paragraph to a veteran, the Administrator shall arrange as promptly as is practical for the veteran to be provided an evaluation in order to make a determination as to whether the achievement of a vocational goal by the veteran is reasonably feasible. Such evaluation shall include a personal interview of the veteran by a Veterans' Administration employee who is trained in vocational counseling. The Administrator shall provide the veteran with reasonable notice of the schedule for the evaluation.

(2) If the veteran fails, for reasons other than those beyond the veteran's control, to participate in an evaluation under paragraph (1)(B) of this subsection in the manner required by the Administrator in order to make the determination described in that paragraph, the Administrator shall reduce the veteran's disability rating to the rating that would be applicable to the veteran but for the determination of the veteran's inability to secure or follow a substantially gainful occupation. Any such reduction shall remain in effect for the duration of such failure.

(3)(A) If, after completion of an evaluation under paragraph (1)(B) of this subsection, the Administrator determines that achievement of a vocational goal by the veteran is reasonably feasible, the Administrator shall formulate an individualized written plan of vocational rehabilitation for the veteran under chapter 31 of this title.

(B) If the Administrator determines that the veteran has failed to pursue (or to continue to pursue) the vocational rehabilitation program described in such plan, the Administrator shall provide the veteran with notice that, if the veteran fails, for reasons other than those beyond the veteran's control, to initiate or resume pursuit of such program within 60 days after the Administrator provided such notice (or such longer period as the Administrator determines is the shortest period within which it is reasonably feasible for the veteran to initiate or resume pursuit), the Administrator will provide for the results of the evaluation to be considered in the next scheduled review of the veteran's eligibility for a rating of total disability based on inability to secure or follow a substantially gainful occupation. Unless the veteran initiates or resumes such pursuit within such 60 days (or such longer period, if applicable), the Administrator shall provide for such results to be so considered.

(4) This subsection does not apply with respect to a veteran as to whom the Administrator determines that an evaluation of vocational rehabilitation potential or achievement of a vocational goal is not reasonably feasible.

(Added Pub. L. 98-543, title I, § 111(a)(1), Oct. 24, 1984, 98 Stat. 2738.)

Information; Temporary Program; Administrator

Section 111(b) of Pub. L. 98-543 provided that:

"(1) Not later than April 1, 1985, the Administrator of Veterans' Affairs shall provide to each veteran described in paragraph (2) a statement providing—

"(A) information explaining the provisions of section 363(b) of title 38, United States Code (as added by subsection (a)(1));

"(B) information explaining the purposes and availability of and eligibility for, and the procedures for pursuing, a vocational rehabilitation program under chapter 31 [§ 1500 et seq.] of such title; and

"(C) a summary description of the scope of services and assistance available under that chapter.

"(2)(A) A veteran to whom a statement is to be provided under paragraph (1) is a veteran who has a service-connected disability, or service-connected disabilities, not rated as total but who, as of January 31, 1985, has been awarded a rating of total disability by reason of a determination of inability to secure or follow a substantially gainful occupation as a result of such disability or disabilities.

"(B) Notice under paragraph (1) need not be provided to a veteran who has a rating of total disability described in subparagraph (A) which is protected by the first sentence of section 110 of title 38, United States Code."

The report shall include—

"(1) information regarding—

"(A) the number of veterans with a disability rating of total based on inability to secure or follow a substantially gainful occupation who during such period followed a substantially gainful occupation for a period of twelve consecutive months and the work experience of those veterans and their disability ratings after completing such twelve-month period and (if known) the number of veterans with such a rating who during the period covered by the report followed a substantially gainful occupation but did not maintain employment in it for a period of twelve consecutive months,

"(B) the number of veterans who during the period covered by the report were provided with evaluations under subsection (b) of such section,

"(C) the number of veterans provided such evaluations for whom a plan of vocational rehabilitation was formulated pursuant to such subsection,

"(D) the number of veterans for whom such a plan was formulated who elected, and who did not elect, to pursue a vocational rehabilitation program,

"(F) the subsequent work experience and disability ratings of the veterans who were provided such evaluations;

"(2) a tabulation of the reasons given by such veterans for not electing to pursue such a program by those who did not elect to pursue such a program; and

"(3) the Administrator's assessment of the value (including the cost-effectiveness) and effect of such implementation and any recommendations of the Administrator for administrative and legislative action based on such results and assessment."

Any such determination shall be made only after evaluation of the veteran's potential for rehabilitation, and any such evaluation shall include a personal interview of the veteran by a Veterans' Administration employee who is trained in vocational counseling. If the veteran fails, for reasons other than those beyond the veteran's control, to participate in the evaluation in the manner required by the Administrator in order to make such determination, the Administrator shall suspend the veteran's pension for the duration of such failure.

[1] So in original. Does not correspond with section catchline.

(2) Subject to paragraph (3) of this subsection, if a veteran who is 50 years of age or older and who is awarded pension during the program period applies for vocational training under this section and the Administrator makes a preliminary finding on the basis of information in the application that, with the assistance of a vocational training program under subsection (d) of this section, the veteran has a good potential for achieving employment, the Administrator shall provide the veteran with an evaluation in order to determine whether the achievement of a vocational goal by the veteran is reasonably feasible. Any such evaluation shall include a personal interview by a Veterans' Administration employee trained in vocational counseling.

(3) Not more than 2,500 veterans may be given evaluations under this subsection during any 12-month period beginning on February 1 of a year.

(4) For the purposes of this section, the term "program period" means the period beginning on February 1, 1985, and ending on January 31, 1989.

(b)(1) If the Administrator, based upon an evaluation under subsection (a) of this section, determines that the achievement of a vocational goal by a veteran is reasonably feasible, the veteran shall be offered and may elect to pursue a vocational training program under this subsection. If the veteran elects to pursue such a program, the program shall be designed in consultation with the veteran in order to meet the veteran's individual needs and shall be set forth in an individualized written plan of vocational rehabilitation of the kind described in section 1507 of this title.

(2)(A) Subject to subparagraph (B) of this paragraph, a vocational training program under this subsection shall consist of vocationally oriented services and assistance of the kind provided under chapter 31 of this title and such other services and assistance of the kind provided under that chapter as are necessary to enable the veteran to prepare for and participate in vocational training or employment.

(B) A vocational training program under this subsection—

(i) may not exceed 24 months unless, based on a determination by the Administrator that an extension is necessary in order for the veteran to achieve a vocational goal identified (before the end of the first 24 months of such program) in the written plan formulated for the veteran, the Administrator grants an extension for a period not to exceed 24 months;

(ii) may not include the provision of any loan or subsistence allowance or any automobile adaptive equipment of the kind provided under chapter 39 of this title; and

(iii) may include a program of education at an institution of higher learning (as defined in sections 1652(b) and 1652(f), respectively, of this title) only in a case in which the Administrator determines that the program involved is predominantly vocational in content.

(3) When a veteran completes a vocational training program under this subsection, the Administrator may provide the veteran with counseling of the kind described in section 1504(a)(2) of this title, placement and postplacement services of the kind described in section 1504(a)(5) of this title, and training of the kind described in section 1504(a)(6) of this title during a period not to exceed 18 months beginning on the date of such completion.

(4) A veteran may not begin pursuit of a vocational training program under this subsection after the later of (A) January 31, 1989, or (B) the end of a reasonable period of time, as determined by the Administrator, following either the evaluation of the veteran under subsection (a)(1) of this section or the award of pension to the veteran as described in subsection (a)(2) of this section. Any determination by the Administrator of such a reasonable period of time shall be made pursuant to regulations which the Administrator shall prescribe.

(c) Notwithstanding subsection (c) of section 525 of this title, a veteran who pursues a vocational training program under subsection (b) of this section shall have the benefit of the provisions of subsection (a) of section 525 of this title beginning at such time as the veteran's entitlement to pension is terminated by reason of income from work or training (as defined in subsection (b) of that section).

(d) Payments by the Administrator for education, training, and other services and assistance under subsection (b) of this section (other than the services of Veterans' Administration employees) shall be made from the Veterans' Administration appropriations account from which payments for pension are made.

(Added Pub. L. 98-543, title III, § 301(a)(1), Oct. 24, 1984, 98 Stat. 2744.)

REPORT TO CONGRESSIONAL COMMITTEES; NEW PENSION RECIPIENTS; HEALTH-CARE ELIGIBILITY

Section 301(b) of Pub. L. 98-543 provided that: "Not later than April 15, 1988, the Administrator of Veterans' Affairs shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the results of the implementation of sections 524 and 525 of title 38, United States Code (as added by subsection (a)(1)), during the period beginning on February 1, 1985, and ending on January 31, 1988. The report shall include—

"(1) information regarding—

"(A) the number of veterans who during the period covered by the report were provided with evaluations under paragraphs (1) and (2) of subsection (a) of such section 524,

"(B) the number of such veterans for whom a vocational goal was determined to be feasible,

"(C) the number of such veterans who elected, and who did not elect, to pursue a vocational training program under subsection (b) of that section, "(D) the extent to which those veterans who elected to pursue such a program completed the program,

"(E) the subsequent work and pension-eligibility experience of the veterans who were provided with such evaluations, shown according to their participation in and completion of vocational training programs, and

"(F) the number of veterans who received the benefit of such section 525;

"(2) a tabulation of the reasons given by such veterans for not electing to pursue such a program by those for whom a vocational goal was determined to be reasonably feasible but who did not elect to pursue such program; and

"(3) the Administrator's assessment of the value (including the cost-effectiveness) and effect of such implementation and any recommendations of the Administrator for administrative and legislative action based on such results and assessment."

§ 525. Temporary protection of health-care eligibility

(a) In the case of a veteran whose entitlement to pension under section 521 of this title is terminated during the program period by reason of income from work or training, the veteran shall retain for a period of three years beginning on the date of such termination all eligibility for care and services under such chapter that the veteran would have had if the veteran's entitlement to pension had not been terminated. Care and services for which such a veteran retains eligibility include, when applicable, drugs and medicines under section 612(h) of this title and special priority with respect to such care and services under section 612(i)(5) of this title.

(b) For the purposes of this section:

(1) The term "terminated by reason of income from work or training" means terminated as a result of the veteran's receipt of earnings from activity performed for remuneration or gain, but only if the veteran's annual income from sources other than such earnings would, taken alone, not result in the termination of the veteran's pension.

(2) The term "program period" means the period beginning on February 1, 1985, and ending on January 31, 1989.

(B) a member of the Armed Forces—

(i) who has been furnished care in a hospital of the Armed Forces;

(ii) who the Secretary concerned determines has received maximum benefits from such care but requires a protracted period of nursing home care; and

(iii) who upon discharge from the Armed Forces will become a veteran.

(2) The Administrator may transfer a person to a nursing home under this subsection only if the Administrator determines that the cost to the United States of the care of such person in the nursing home will not exceed—

(A) the amount equal to 45 percent of the cost of care furnished by the Veterans' Administration in a general hospital under the direct jurisdiction of the Administrator (as such cost may be determined annually by the Administrator); or

(B) the amount equal to 50 percent of such cost, if such higher amount is determined to be necessary by the Administrator (upon the recommendation of the Chief Medical Director) to provide adequate care.

(3) Nursing home care may not be furnished under this subsection at the expense of the United States for more than six months in the aggregate in connection with any one transfer except—

(A) in the case of a veteran—

(i) who is transferred to a non-Veterans' Administration nursing home from a hospital under the direct jurisdiction of the Administrator; and

(ii) whose hospitalization was primarily for a service-connected disability;

(B) in a case in which the nursing home care is required for a service-connected disability; or

(C) in a case in which, in the judgment of the Administrator, a longer period of nursing home care is warranted.

(4) A veteran who is furnished care by the Administrator in a hospital or domiciliary facility in Alaska or Hawaii may be furnished nursing home care at the expense of the United States under this subsection even if such hospital or domiciliary facility is not under the direct jurisdiction of the Administrator.

[*See main edition for text of* (*b*) *and* (*c*)]

(d)(1) Subject to subsection (b) of this section, the Administrator may authorize for any veteran requiring nursing home care for a service-connected disability direct admission for such care at the expense of the United States to any non-Veterans' Administration nursing home. The Administrator may also authorize a direct admission to such a nursing home for nursing home care for any veteran who has been discharged from a hospital under the direct jurisdiction of the Administrator and who is currently receiving medical services as part of home health services from the Veterans' Administration.

(2) Direct admission authorized by paragraph (1) of this subsection may be authorized upon determination of need therefor—

(A) by a physician employed by the Veterans' Administration; or

(B) in areas where no such physician is available, by a physician carrying out such function under contract or fee arrangement,

based on an examination by such physician.

(3) The amount which may be paid for such care and the length of care available under this subsection shall be the same as authorized under subsection (a) of this section.

(e)(1) For the purposes of this section, the term "nursing home care" includes intermediate care, as determined by the Administrator in accordance with regulations which the Administrator shall prescribe. The cost of intermediate care for purposes of payment by the United States pursuant to subsection (a)(2)(B) of this section shall be determined by the Administrator except that the rate of reimbursement shall be commensurately less than that provided for nursing home care (as defined in section 101(28) of this title).

(2) For the purposes of this section, the term "non-Veterans' Administration nursing home" means a public or private institution not under

the direct jurisdiction of the Administrator which furnishes nursing home care.

(f)(1)(A) The Administrator is authorized to furnish adult day health care as provided for in this subsection. For the purpose only of authorizing the furnishing of such care and specifying the terms and conditions under which it may be furnished to veterans needing such care—

(i) references to "nursing home care" in subsections (a) through (d) of this section shall be deemed to be references to "adult day health care"; and

(ii) a veteran who is eligible for medical services under section 612(f)(2) of this title shall be deemed to be a veteran described in subsection (a)(1) of this section.

(B) The Administrator may provide in-kind assistance (through the services of Veterans' Administration employees and the sharing of other Veterans' Administration resources) to a facility furnishing care to veterans under subparagraph (A) of this paragraph. Any such in-kind assistance shall be provided under a contract between the Veterans' Administration and the facility concerned. The Administrator may provide such assistance only for use solely in the furnishing of adult day health care and only if, under such contract, the Veterans' Administration receives reimbursement for the full cost of such assistance, including the cost of services and supplies and normal depreciation and amortization of equipment. Such reimbursement may be made by reduction in the charges to the United States or by payment to the United States. Any funds received through such reimbursement shall be credited to funds allotted to the Veterans' Administration facility that provided the assistance.

(2) The Administrator may conduct, at facilities over which the Administrator has direct jurisdiction, programs for the furnishing of adult day health care to veterans who are eligible for such care under paragraph (1) of this subsection, except that necessary travel and incidental expenses (or transportation in lieu thereof) may be furnished under such a program only under the terms and conditions set forth in section 111 of this title. The furnishing of care under any such program shall be subject to the limitations that are applicable to the duration of adult day health care furnished under paragraph (1) of this subsection.

(3) Adult day health care may not be furnished under this section after September 30, 1988.

(As amended Pub. L. 98-160, title I, § 103(a)(1), (2), Nov. 21, 1983, 97 Stat. 995; Pub. L. 99-166, title I, § 108(a)-(c), Dec. 3, 1985, 99 Stat. 946, 947.)

"(i) such veteran has received maximum benefits from such care in such hospital, but will require a protracted period of nursing home care which can be furnished in such institution, and

"(ii) the cost of such nursing home care in such institution will not exceed 45 percent of the cost of care furnished by the Veterans' Administration in a general hospital under the direct and exclusive jurisdiction of the Administrator, as such cost may be determined annually by the Administrator, or not to exceed 50 percent of such cost where determined necessary by the Administrator, upon recommendation of the Chief Medical Director, to provide adequate care.

Nursing home care may not be furnished pursuant to this section at the expense of the United States for more than six months in the aggregate in connection with any one transfer, except (I) in the case of the veteran whose hospitalization was primarily for a service-connected disability, or (II) where in the judgment of the Administrator a longer period is warranted in the case of any other veteran. Any veteran who is furnished care by the Administrator in a hospital in Alaska or Hawaii may be furnished nursing home care under the provisions of this section even if such hospital is not under the direct jurisdiction of the Administrator."

(1) as so designated, substituted "to any non-Veterans' Administration nursing home" for "to any public or private institution not under the jurisdiction of the Administrator which furnishes nursing home care", added "The Administrator may also authorize a direct admission to such a nursing home for nursing home care for any veteran who has been discharged from a hospital under the direct jurisdiction of the Administrator and who is currently receiving medical services as part of home health services from the Veterans' Administration.", substituted par. (2) for "Such admission may be authorized upon determination of need therefor by a physician employed by the Veterans' Administration or, in areas where no such physician is available, carrying out such function under contract or fee arrangement based on an examination by such physician.", and designated existing last sentence as par. (3).

Subsec. (e). Pub. L. 99-166, § 108(c), designated existing provisions as par. (1), substituted "subsection (a)(2)(B)" for "subsection (a)(ii)" in second sentence, and added par. (2).

1983—Pub. L. 98-160, § 103(a)(2), added "; adult day health care" in section catchline.

Subsec. (f). Pub. L. 98-160, § 103(a)(1), added subsec. (f).

Section 103(b), (c) of Pub. L. 98-160 provided that:

"(b) If the Administrator of Veterans' Affairs furnishes adult day health care under section 620(f) of title 38, United States Code (as added by subsection (a)), the Administrator shall conduct a study of the medical efficacy and cost-effectiveness of furnishing such care as an alternative for nursing home care and of the comparative advantages and disadvantages of providing such care through facilities that are not under the direct jurisdiction of the Administrator and through facilities that are under the direct jurisdiction of the Administrator.

"(c) Not later than February 1, 1988, the Administrator shall submit to the Committees on Veterans'

Affairs of the Senate and House of Representatives a report containing—

"(1) the results of the study conducted under subsection (b) (if such a study is conducted);

"(2) the Administrator's recommendation with respect to extending or repealing the date in subsection (f)(3) of section 620 of title 38, United States Code (as added by subsection (a)); and

"(3) any other recommendation that the Administrator considers appropriate for legislative and administrative action with respect to the furnishing of such care."

(a)(1) The Administrator, in furnishing hospital, nursing home, and domiciliary care and medical and rehabilitative services under this chapter, may contract for care and treatment and rehabilitative services in halfway houses, therapeutic communities, psychiatric residential treatment centers, and other community-based treatment facilities for eligible veterans suffering from alcohol or drug dependence or abuse disabilities.

[*See main edition for text of* (*2*); (*b*) *to* (*d*)]

(f)(1) The Administrator shall monitor the performance of each contract facility furnishing care and services under the program carried out under subsection (a) of this section.

(2) The Administrator shall use the results of such monitoring to determine—

(A) with respect to the program, the medical advantages and cost-effectiveness that result from furnishing such care and services; and

(B) with respect to such contract facilities generally, the level of success under the program, considering—

(i) the rate of successful rehabilitation for veterans furnished care and services under the program;

(ii) the rate of readmission to contract facilities under the program or to Veterans' Administration health-care facilities by such veterans for care or services for disabilities referred to in subsection (a) of this section;

(iii) whether the care and services furnished under the program obviated the need of such veterans for hospitalization for such disabilities;

(iv) the average duration of the care and services furnished such veterans under the program;

(v) the ability of the program to aid in the transition of such veterans back into their communities; and

(vi) any other factor that the Administrator considers appropriate.

(3) The Administrator shall maintain records of—

(ii) the historical costs for such care and services for the period of time that the program carried out under subsection (a) of this section was a pilot program, taking into account economic inflation.

(4) Not later than February 1, 1988, the Administrator shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the experience under the program carried out under this section during fiscal years 1984 through 1987. The report shall include—

(ii) has furnished the veteran such care or services within the preceding 12 months; and

(B) placement of the veteran in a community residential-care facility is appropriate.

(b)(1) The Administrator may not provide assistance under subsection (a) of this section with respect to a community residential-care facility unless such facility is approved by the Administrator for the purposes of this section.

(2) The Administrator's approval of a facility for the purposes of this section shall be based upon the Administrator's determination, after inspection of the facility, that the facility meets the standards established in regulations prescribed under this section. Such standards shall include the following:

(A) Health and safety criteria, including a requirement of compliance with applicable State laws and local ordinances relating to health and safety.

(B) A requirement that the costs charged for care by a facility be reasonable, as determined by the Administrator, giving consideration to such factors as (i) the level of care, supervision, and other services to be provided, (ii) the cost of goods and services in the geographic area in which the facility is located, and (iii) comparability with other facilities in such area providing similar services.

(C) Criteria for determining the resources that a facility needs in order to provide an appropriate level of services to veterans.

(D) Such other criteria as the Administrator determines are appropriate to protect the welfare of veterans placed in a facility under this section.

(3) Payment of the charges of a community residential-care facility for any care or service provided to a veteran whom the Administrator has referred to that facility under this section is not the responsibility of the United States or of the Veterans' Administration.

(c)(1) In order to determine continued compliance by community residential-care facilities that have been approved under subsection (b) of this section with the standards established in regulations prescribed under this section, the Administrator shall provide for periodic inspection of such facilities.

(A) shall cease to refer veterans to such facility; and

(B) may, with the permission of the veteran (or the person or entity authorized by law to give permission on behalf of the veteran), assist in removing a veteran from such facility.

Regulations prescribed to carry out this paragraph shall provide for reasonable notice and, upon request made on behalf of the facility, a hearing before any action authorized by this paragraph is taken.

(d) The Administrator shall prescribe regulations to carry out this section. Such regulations shall include the standards required by subsection (b) of this section.

(2) The Administrator shall make the standards prescribed in regulations under subsection (d) of this section available to all Federal, State, and local agencies charged with the responsibility of licensing or otherwise regulating or inspecting community residential-care facilities.

(f) For the purpose of this section, the term "community residential-care facility" means a facility that provides room and board and such limited personal care for and supervision of residents as the Administrator determines, in accordance with regulations prescribed under this section, are necessary for the health, safety, and welfare of residents.

[*See main edition for text of* (*b*)]

(c) The Administrator shall submit every three years to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the adequacy of the rates provided in subsection (a) of this section in light of projections over each of the following five years of the demand on the Veterans' Administration for the provision of nursing home care to veterans eligible for such care under this section and sections 610 and 620 of this title. The first such report shall be submitted not later than June 30, 1986.

(ii) To refinance, in accordance with section 1819(a)(5) of this title, an existing loan that was made for the purchase of, and that is secured by, a manufactured home that is permanently affixed to a lot and to purchase the lot to which the manufactured home is affixed.

If there is an indebtedness which is secured by a lien against land owned by the veteran, the proceeds of a loan guaranteed under this section or made under section 1811 of this title for construction of a dwelling or farm residence on such land may be used also to liquidate such lien, but only if the reasonable value of the land is equal to or greater than the amount of the lien.

§ 1816. Procedure on default

(a)(1) In the event of default in the payment of any loan guaranteed under this chapter, the holder of the obligation shall notify the Administrator of such default. Upon receipt of such notice, the Administrator may, subject to subsection (c) of this section, pay to such holder the guaranty not in excess of the pro rata portion of the amount originally guaranteed. If the Administrator makes such a payment, the Administrator shall be subrogated to the rights of the holder of the obligation to the extent of the amount paid on the guaranty.

(2) Before suit or foreclosure the holder of the obligation shall notify the Administrator of the default, and within thirty days thereafter the Administrator may, at the Administrator's option, pay the holder of the obligation the unpaid balance of the obligation plus accrued interest and receive an assignment of the loan and security. Nothing in this section shall preclude any forebearance for the benefit of the veteran as may be agreed upon by the parties to the loan and approved by the Administrator.

(3) The Administrator may establish the date, not later than the date of judgment and decree of foreclosure or sale, upon which accrual of interest or charges shall cease.

[*See main edition for text of* (*b*)]

(c)(1) For purposes of this subsection—

(A) The term "defaulted loan" means a loan that is guaranteed under this chapter, that was made for a purpose described in section 1810(a) of this title, and that is in default.

(B) The term "liquidation sale" means a judicial sale or other disposition of real property to liquidate a defaulted loan that is secured by such property.

(C) The term "net value", with respect to real property, means the amount equal to (i) the fair market value of the property, minus (ii) the total of the amounts which the Administrator estimates the Administrator would incur (if the Administrator were to acquire and dispose of the property) for property taxes, assessments, liens, property maintenance, property improvement, administration, resale, and other costs resulting from the acquisition and disposition of the property.

(D) The term "total indebtedness", with respect to a defaulted loan, means the amount equal to the total of (i) the unpaid principal of the loan, (ii) the interest on the loan as of the date of the liquidation sale of the property securing the loan (or such earlier date following the expiration of a reasonable period of time for such sale to occur as the Administrator may specify pursuant to regulations prescribed by the Administrator to implement this subsection), and (iii) such reasonably necessary and proper charges (as specified in the loan instrument and permitted by such regulations) associated with liquidation of the loan, including advances for taxes, insurance, and maintenance or repair of the real property securing the loan.

(2)(A) Except as provided in subparagraph (B) of this paragraph, this subsection applies to any case in which the holder of a defaulted loan undertakes to liquidate the loan by means of a liquidation sale.

(B) This subsection does not apply to a case in which the Administrator proceeds under subsection (a)(2) of this section.

(3)(A) Before carrying out a liquidation sale of real property securing a defaulted loan, the holder of the loan shall notify the Administrator of the proposed sale. Such notice shall be provided in accordance with regulations prescribed by the Administrator to implement this subsection.

(B) After receiving a notice described in subparagraph (A) of this paragraph, the Administrator shall determine the net value of the property securing the loan and the amount of the total indebtedness under the loan and shall notify the holder of the loan of the determination of such net value.

(4) A case referred to in paragraphs (5), (6), and (7) of this subsection as being described in this paragraph is a case in which the net value of the property securing a defaulted loan exceeds the amount of the total indebtedness under the loan minus the amount guaranteed under this chapter.

(5) In a case described in paragraph (4) of this subsection, if the holder of the defaulted loan acquires the property securing the loan at a liquidation sale for an amount that does not exceed the lesser of the net value of the property or the total indebtedness under the loan—

(A) the holder shall have the option to convey the property to the United States in return for payment by the Administrator of an amount equal to the lesser of such net value or total indebtedness; and

(B) the liability of the United States under the loan guaranty under this chapter shall be limited to the amount of such total indebtedness minus the net value of the property.

(6) In a case described in paragraph (4) of this subsection, if the holder of the defaulted loan either does not acquire the property securing the loan at the liquidation sale or acquires the property at such sale for an amount that exceeds the lesser of the net value of the property or the total indebtedness under the loan—

(A) the Administrator may not accept conveyance of the property except as provided in paragraph (7) of this subsection; and

(B) the liability of the United States under the loan guaranty under this chapter shall be limited to the amount equal to (i) the amount of such total indebtedness, minus (ii) the amount realized by the holder incident to the sale or the net value of the property, whichever is greater.

(7) In a case described in paragraph (4) of this subsection, if the holder of the defaulted loan acquires the property securing the loan at the liquidation sale for an amount that exceeds the lesser of the total indebtedness under the loan or the net value and that was the minimum amount for which, under applicable State law, the property was permitted to be sold at the liquidation sale—

(A) the Administrator may accept conveyance of the property to the United States for a price not exceeding the lesser of the amount for which the holder acquired the property or the total indebtedness under the loan; and

(B) the liability of the United States under the loan guaranty under this chapter is as provided in paragraph (6)(B) of this subsection.

(8) If the net value of the property securing a defaulted loan is not greater than the amount of the total indebtedness under the loan minus the amount guaranteed under this chapter—

(A) the Administrator may not accept conveyance of the property from the holder of the loan; and

(B) the liability of the United States under the loan guaranty shall be limited to the amount of the total indebtedness under the loan minus the amount realized by the holder of the loan incident to the sale at a liquidation sale of the property.

(9) In no event may the liability of the United States under a guaranteed loan exceed the amount guaranteed with respect to that loan under section 1803(b) of this title. All determinations under this subsection of net value and total indebtedness shall be made by the Administrator.

(d)(1) Of the number of purchases made during any fiscal year of real property acquired by the Administrator as the result of a default on a loan guaranteed under this chapter for a purpose described in section 1810(a) of this title, not more than 75 percent, nor less than 60 percent, of such purchases may be financed by a loan made by the Administrator. The maximum percentage stated in the preceding sentence may be increased to 80 percent for any fiscal year if the Administrator determines that such an increase is necessary in order to maintain the effective functioning of the loan guaranty program.

(2) In carrying out paragraph (1) of this subsection, the Administrator, to the maximum extent consistent with that paragraph and with maintaining the effective functioning of the loan guaranty program under this chapter, shall minimize the number of loans made by the Administrator to finance purchases of real property from the Administrator described in that paragraph.

(3) Notes securing such loans may be sold with recourse only to the extent that the Administrator determines that selling such notes with recourse is necessary in order to maintain the effective functioning of the loan guaranty program under this chapter.

§ 3202. Payments to and supervision of fiduciaries

(a)(1) Where it appears to the Administrator that the interest of the beneficiary would be served thereby, payment of benefits under any law administered by the Veterans' Administration may be made directly to the beneficiary or to a relative or some other person for the use and benefit of the beneficiary, regardless of any legal disability on the part of the beneficiary. Where, in the opinion of the Administrator, any fiduciary receiving funds on behalf of a Veterans' Administration beneficiary is acting in such a number of cases as to make it impracticable to conserve properly the estates or to supervise the persons of the beneficiaries, the Administrator may refuse to make future payments in such cases as he may deem proper.

(2) In a case in which the Administrator determines that a commission is necessary in order to obtain the services of a fiduciary in the best interests of a beneficiary, the Administrator may authorize a fiduciary appointed by the Veterans' Administration to obtain from the beneficiary's estate a reasonable commission for fiduciary services rendered, but the commission for any year may not exceed 4 percent of the monetary benefits under laws administered

by the Veterans' Administration paid on behalf of the beneficiary to the fiduciary during such year. A commission may not be authorized for a fiduciary who receives any other form of remuneration or payment in connection with rendering fiduciary services on behalf of the beneficiary.

§ 3203. Hospitalized veterans and estates of incompetent institutionalized veterans

(a) [*See main edition for text of* (*1*)]

(2) The provisions of paragraph (1) shall also apply to a veteran being furnished such care who has a spouse but whose pension is payable under section 521(b) of this title. In such a case, the Administrator may apportion and pay to the spouse, upon an affirmative showing of hardship, all or any part of the amounts in excess of the amount payable to the veteran while being furnished such care which would be payable to the veteran if pension were payable under section 521(c) of this title.

(b)(1)(A) In any case in which a veteran having neither spouse nor child is being furnished hospital treatment or institutional or domiciliary care without charge or otherwise by the United States, or any political subdivision thereof, is rated by the Veterans' Administration in accordance with regulations as being incompetent, and the veteran's estate (excluding the value of the veteran's home unless there is no reasonable likelihood that the veteran will again reside in such home), from any source equals or exceeds $1,500, further payments of pension, compensation, or emergency officers' retirement pay shall not be made until the estate is reduced to $500.

(B) The amount which would be payable but for this paragraph shall be paid to the veteran in a lump sum; however, no payment of a lump sum herein authorized shall be made to the veteran until after the expiration of six months following a finding of competency and in the event of the veterans' death before payment of such lump sum no part thereof shall be payable.

(C) The Administrator may waive the discontinuance under this paragraph of payments to a veteran with respect to not more than 60 days of care of the veteran during any calendar year if the Administrator determines that the waiver is necessary in order to avoid a hardship for the veteran. Any such waiver shall be made pursuant to regulations which the Administrator shall prescribe.

(2) Where any benefit is discontinued by reason of paragraph (1) of this subsection the Administrator may nevertheless apportion and pay to the dependent parents of the veteran on the basis of need all or any part of the benefit which would otherwise be payable to or for such incompetent veteran. Paragraph (1) of this subsection shall not prevent the payment, out of any remaining amounts discontinued under that paragraph, on account of any veteran of so much of the veteran's pension, compensation, or retirement pay as equals the amount charged to the veteran for the veteran's current care and maintenance in the institution in which treatment or care is furnished the veteran, but not more than the amount determined by the Administrator to be the proper charge as fixed by any applicable statute or valid administrative regulation.

[*See main edition for text of* (*3*)]

(c) Any veteran subject to the provisions of subsection (b) shall be deemed to be single and without dependents in the absence of satisfactory evidence to the contrary. In no event shall increased compensation, pension, or retirement pay of such veteran be granted for any period more than one year before receipt of satisfactory evidence showing such veteran has a spouse, child, or dependent parent.

(d) Notwithstanding any other provision of this section or any other provision of law, no reduction shall be made in the pension of any veteran for any part of the period during which the veteran is furnished hospital treatment, or institutional or domiciliary care, for Hansen's disease, by the United States or any political subdivision thereof.

[*See main edition for text of (1)*]

(2) General standards of construction, repair, and equipment for facilities constructed or acquired with assistance received under this subchapter.

(3) General standards for the furnishing of care in facilities which are constructed or acquired with assistance received under this subchapter, which standards shall be no less stringent than those standards prescribed by the Administrator pursuant to section 620(b) of this title. The Administrator may inspect any State facility constructed or acquired with assistance received under this subchapter at such times as the Administrator deems necessary to insure that such facility meets such standards.

(As amended Pub. L. 98-528, title I, § 105(2), Oct. 19, 1984, 98 Stat. 2689.)

AMENDMENTS

§ 5035. Applications with respect to projects; payments

(a) After regulations have been prescribed by the Administrator under section 5034 of this title, any State desiring to receive assistance for a project for construction of State home facilities (or acquisition of a facility to be used as a State home facility) must submit to the Administrator an application. Such application shall set forth—

(1) the amount of the grant requested with respect to such project which may not exceed 65 percent of the estimated cost of construction (or of the estimated cost of facility acquisition and construction) of such project,

[*See main edition for text of (2) to (5)*]

(6) reasonable assurance that adequate financial support will be available for the construction of the project (or for facility acquisition and construction of the project) by July 1 of the fiscal year for which the application is approved and for its maintenance and operation when complete,

(7) reasonable assurance that the State will make such reports in such form and containing such information as the Administrator may from time to time reasonably require, and give the Administrator, upon demand, access to the records upon which such information is based,

(8) reasonable assurance that the rates of pay for laborers and mechanics engaged in construction of the project will be not less than the prevailing local wage rates for similar work as determined in accordance with the Act of March 3, 1931 (40 U.S.C. 276a—276a-5) (known as the Davis-Bacon Act), and

(9) in the case of a project for acquisition of a facility, reasonable assurance that the estimated total cost of acquisition of the facility and of any expansion, remodeling, and alteration of the acquired facility will not be greater than the estimated cost of construction of an equivalent new facility.

(b)(1) The Administrator shall approve any such application if the Administrator finds that—

(A) there are sufficient funds available to make the grant requested with respect to such project,

(B) such grant does not exceed 65 percent of the estimated cost of construction (or of the estimated cost of facility acquisition and construction) of such project,

(C) the application contains such reasonable assurances under subsection (a) of this section as the Administrator may determine to be necessary, and

(D) the plans and specifications for such project are in accord with regulations prescribed pursuant to section 5034(2) of this title and that the carrying out of such project, together with other projects under construction and other facilities, will not result in more than the number of beds prescribed by the Administrator pursuant to section 5034(1) of this title for the State in which such project is located being available for furnishing nursing home care to veterans in such State.

(2)(A) The Administrator shall defer approval of an application that meets the requirements of this section if the State submitting the application does not, by the July 1 deadline (as defined in subparagraph (C) of this paragraph), demonstrate to the satisfaction of the Administrator that the State has provided adequate financial support for construction of the project.

(B) In a case in which approval of an application is deferred under subparagraph (A) of this paragraph—

(i) the Administrator, in accordance with guidelines established by the Administrator, shall select for award of a grant or grants under this section an application or applications for a nursing home project or projects that the Administrator determines—

(I) to be most in need;

(II) would, but for the deferral, not have been approved during the fiscal year in which the deferral occurred; and

(III) have been provided adequate financial support by the State and are otherwise qualified for approval during the fiscal year; and

(ii) during the next fiscal year, the application with respect to which approval was deferred shall be accorded priority for approval ahead of applications that had not been approved before the first day of such fiscal year.

(C) For the purposes of this paragraph, the term "July 1 deadline" means July 1 of the fiscal year in which the State is notified by the Administrator of the availability of funding for a grant for such project.

[*See main edition for text of* (*c*)]

(d)(1) Upon approving an application under this section, the Administrator shall certify to the Secretary of the Treasury the amount of the grant so approved, but in no event an amount greater than 65 percent of the estimated cost of construction (or of the estimated cost of facility acquisition and construction) of the project, and shall designate the appropriation from which it shall be paid. Such certification shall provide for payment to the applicant or, if designated by the applicant, the State home for which such project is being carried out or any other agency or instrumentality of the applicant. Such amount shall be paid, in advance or by way of reimbursement, and in such installments consistent with the progress of the project as the Administrator may determine and certify for payment to the Secretary of the Treasury. Funds paid under this section for an approved project shall be used solely for carrying out such project as so approved.

§ 5402. Contracts for transportation of mail by air

(a) The Postal Service may contract with any certificated air carrier, without advertising for bids, in such manner and under such terms and conditions as it deems appropriate, for the transportation of mail by aircraft between any of the points in foreign air transportation between which the carrier is authorized by the Secretary of Transportation to engage in the transportation of mail. Such contracts shall be for the transportation of at least 750 pounds of mail per flight, and no more than 5 percent, based on weight, of the international mail transported under any such contract shall consist of letter mail. Any such contract shall be filed with the Secretary of Transportation not later than 90 days before its effective date. Unless the Civil Aeronautics Board shall determine otherwise (under criteria prescribed by section 1302 of title 49) [1] not later than 10 days prior to the effective date of the contract, such contract shall become effective.

(b) When the Postal Service deems that the transportation of mail by aircraft is required between points in foreign air transportation between which the Secretary of Transportation has not authorized an air carrier or combination of air carriers to engage in the transportation of mail, it may contract with any air carrier in such manner and under such terms and conditions as it may deem appropriate for the transportation of any class or classes of mail. The transportation of mail under contracts entered into under this subsection is not, except for sections 1371(k) and 1386(b) of title 49,[1] air transportation within the provisions of sections 1301-1542 of title 49.[2] The Postal Service shall cancel such contract, in whole or in respect to certain points as the certificate shall require, upon the issuance by the Secretary of Transportation of an authorization under sections 1371-1386 of title 49[2] to any air carrier to engage in the transportation of mail by aircraft between any of the points named in the contract, and the inauguration of scheduled service by such carrier.

---

[1] See References in Text note below.

(c) If the Postal Service determines that service by certificated air carriers or combination of air carriers between any pair or pairs of points in foreign air transportation is not adequate for its purposes, it may contract for a period of not more than 4 years, without advertising for bids, in such manner and under such terms and conditions as it may deem appropriate, with any air taxi operator or combination thereof for such air transportation service. Contracts made under this subsection may be renewed at the existing rate by mutual agreement between the holder and the Postal Service. The Postal Service, with the consent of the air taxi operator, may adjust the compensation under such contracts for increased or decreased costs occasioned by changed conditions occurring during the contract term. The Postal Service shall cancel such a contract when the Secretary of Transportation authorizes an additional certificated carrier or carriers to provide service between any pair or pairs of points covered by the contract, and such carrier or carriers inaugurate schedules adequate for its purposes.

(d) The Postal Service may contract with any air carrier for the transportation of mail by aircraft in interstate and overseas air transportation either through negotiations or competitive bidding.

(e) For purposes of this section, the terms "air carrier", "interstate air transportation", "overseas air transportation", and "foreign air transportation" have the meanings given such terms in section 101 of the Federal Aviation Act of 1958 (49 U.S.C. 1301).[2]

(f) During the period beginning January 1, 1985, and ending January 1, 1989, the authority of the Secretary of Transportation and the Postal Service under subsections (a), (b), and (c) of this section shall also apply, and the authority of the Postal Service under subsection (d) shall not apply, to the transportation of mail by aircraft between any two points both of which are within the State of Alaska and between which the air carrier is authorized by the Secretary to engage in the transportation of mail.

Ex. Ord. No. 12411, Mar. 29, 1983, 48 F.R. 13391, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, including Section 486 of Title 40 of the United States Code, in order to institute fundamental changes in the manner in which Federal work space is managed to ensure its efficient utilization, it is hereby ordered as follows:

SECTION 1. In order to make the Federal use of work space (including office space, warehouses and special purpose space, whether federally owned, leased or controlled) and related furnishings more effective in support of agency missions, minimize the acquisition of government resources, and reduce the administrative costs of the Federal government, the heads of all Federal Executive agencies shall:

(a) Establish programs to reduce the amount of work space, used or held, to that amount which is essential for known agency missions;

(b) Produce and maintain a total inventory of work space and related furnishings and declare excess to the Administrator of General Services all such holdings that are not necessary to satisfy existing or known and verified planned programs;

(c) Ensure that the amount of office space used by each employee of the agency, or others using agency-controlled space, is held to the minimum necessary to accomplish the task that must be performed;

(d) Manage the furniture, equipment, decoration, drapes, carpeting, plants and other accoutrements so that the use of all furnishings by the agency reflects a judicious employment of public moneys;

(e) Consider, in making decisions concerning the use, acquisition, or disposal of work space and related furnishings, the effects of its actions on costs incurred by other Federal agencies;

(f) Report all vacant work space retained for future Federal uses to the Administrator of General Services so that it may be made available for the temporary use of other Federal agencies, to the extent consistent with national defense requirements;

(g) Establish a work space management plan to meet the provisions of this Order, including specification of the goals to be achieved and actions to be taken by the agency in order to improve its utilization of all work space and related furnishings; and

(h) Establish information systems, implement inventory controls and conduct surveys, in accordance with procedures established by the Administrator of General Services, so that a government-wide reporting system may be developed.

SEC. 2. The Administrator of General Services is delegated authority, to the extent not prohibited by other laws, to conduct surveys, establish agency-wide objectives for work space use for each Executive agency, and establish procedures, guidelines and regulations to be followed by the agencies in developing the work space planning, information and reporting systems required by this Order.

EX. ORD. NO. 12512. FEDERAL REAL PROPERTY MANAGEMENT

Ex. Ord. No. 12512, Apr. 29, 1985, 50 F.R. 18453, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, including section 486(a) of title 40 of the United States Code, and in order to ensure that Federal real property resources are treated in accordance with their value as national assets and in the best interests of the Nation's taxpayers, it is hereby ordered as follows:

SECTION 1. *General Requirements.* To ensure the effective and economical use of America's real property and public land assets, establish a focal point for the enunciation of clear and consistent Federal policies regarding the acquisition, management, and disposal of properties, and assure management accountability for implementing Federal real property management reforms, all Executive departments and agencies shall take immediate action to recognize the importance of such resources through increased management attention, establishment of clear goals and objectives, improved policies and levels of accountability, and other appropriate actions. Specifically:

(a) The Domestic Policy Council shall serve as the forum for approving government-wide real property management policies;

(b) All Executive departments and agencies shall establish internal policies and systems of accountability that ensure effective use of real property in support of mission-related activities, consistent with Federal policies regarding the acquisition, management, and disposal of such assets. All such agencies shall periodically review their real property holdings and conduct surveys of such property in accordance with standards and procedures determined by the Administrator of General Services. All such agencies shall also develop annual real property management improvement plans that include clear and concise goals and objectives related to all aspects of real property management, and identify sales, work space management, productivity, and excess property targets;

(c) The Director of the Office of Management and Budget shall review, through the management and budget review processes, the efforts of departments and agencies toward achieving the government-wide property management policies established pursuant to this Order. Savings achieved as a result of improved management shall be applied to reduce Federal spending and to support program delivery;

(d) The Office of Management and Budget and the General Services Administration shall, in consultation with the land managing agencies, develop legislative initiatives that seek to improve Federal real property management through the adoption of appropriate private sector management techniques; the elimination of duplication of effort among agencies; and the establishment of managerial accountability for implementing effective and efficient real property management practices; and

(e) The President's Council on Management Improvement, subject to the policy direction of the Domestic Policy Council, shall conduct such additional studies as are necessary to improve Federal real property management by appropriate agencies and groups.

SEC. 2. *Real Property.* The Administrator of General Services shall, to the extent permitted by law, provide government-wide policy oversight and guidance for Federal real property management; manage selected properties for agencies; conduct surveys; delegate operational responsibility to agencies where feasible and economical; and provide leadership in the development and maintenance of needed property management information systems.

SEC. 3. *Public Lands.* In order to ensure that Federally owned lands, other than the real property covered by Section 2 of this Order, are managed in the most effective and economic manner, the Departments of Agriculture and the Interior shall take such steps as are appropriate to improve their management of public lands and National Forest System lands and shall develop appropriate legislative proposals necessary to facilitate that result.

SEC. 4. Executive Order No. 12348 of February 25, 1982, is hereby revoked.

RONALD REAGAN.

§ 759. Procurement, maintenance, operation and utilization of automatic data processing equipment

[*See main edition for text of* (*a*) *to* (*g*)]

(h) Automated data processing dispute resolution

(1) Upon request of an interested party in connection with any procurement conducted under the authority of this section (including procurements conducted under delegations of procurement authority), the board of contract appeals of the General Services Administration (hereafter in this subsection referred to as the "board"), shall review any decision by a contracting officer alleged to violate a statute or regulation. Such review shall be conducted under the standard applicable to review of contracting officer final decisions by boards of contract appeals. An interested party who has filed a protest under subchapter V of chapter 35 of title 31, with respect to a procurement or proposed procurement may not file a protest with respect to that procurement or proposed procurement under this subsection.

(2)(A) When a protest under this subsection is filed before the award of a contract in a protested procurement, the board, at the request of an interested party and within 10 days of the filing of the protest, shall hold a hearing to determine whether the board should suspend the procurement authority of the Administrator or the Administrator's delegation of procurement authority for the protested procurement on an interim basis until the board can decide the protest.

(B) The board shall suspend the procurement authority of the Administrator or the Administrator's delegation of procurement authority unless the Federal agency concerned establishes that—

(i) absent action by the board, contract award is likely to occur within 30 days of the hearing; and

(ii) urgent and compelling circumstances which significantly affect interests of the United States will not permit waiting for the decision of the board.

(3)(A) If the board receives notice of a protest under this subsection after the contract has been awarded but within 10 days after the contract award, the board shall, at the request of an interested party and within 10 days after the date of the filing of the protest, hold a hearing to determine whether the board should suspend the procurement authority of the Administrator or the Administrator's delegation of procurement authority for the challenged procurement on an interim basis until the board can decide the protest.

(B) The board shall suspend the procurement authority of the Administrator or the Administrator's delegation of procurement authority to acquire any goods or services under the contract which are not previously delivered and accepted unless the Federal agency concerned establishes that urgent and compelling circumstances which significantly affect interests of the United States will not permit waiting for the decision of the board.

(4)(A) The board shall conduct such proceedings and allow such discovery as may be required for the expeditious, fair, and reasonable resolution of the protest.

(B) Subject to any deadlines imposed by section 9(a) of the Contract Disputes Act of 1978 (41 U.S.C. 608(a)), the board shall give priority to protests filed under this subsection. The board shall issue its final decision within 45 working days after the date of the filing of the protest, unless the board's chairman determines that the specific and unique circumstances of the protest require a longer period, in which case the board shall issue such decision within the longer period determined by the chairman.

(C) The board may dismiss a protest the board determines is frivolous or which, on its face, does not state a valid basis for protest.

(5)(A) In making a decision on the merits of protests brought under this section, the board shall accord due weight to the policies of this section and the goals of economic and efficient procurement set forth in this section.

(B) If the board determines that a challenged agency action violates a statute or regulation or the conditions of any delegation of procurement authority issued pursuant to this section, the board may suspend, revoke, or revise the procurement authority of the Administrator or the Administrator's delegation of procurement authority applicable to the challenged procurement.

(C) Whenever the board makes such a determination, it may, in accordance with section 1304 of title 31, further declare an appropriate interested party to be entitled to the costs of—

(i) filing and pursuing the protest, including reasonable attorney's fees, and

(ii) bid and proposal preparation.

(6)(A) The final decision of the board may be appealed by the head of the Federal agency concerned and by any interested party, including interested parties who intervene in any protest filed under this subsection, as set forth in the Contract Disputes Act of 1978 (41 U.S.C. 601 et seq.).

(B) If the board revokes, suspends, or revises the procurement authority of the Administrator or the Administrator's delegation of procurement authority after the contract award, the affected contract shall be presumed valid as to all goods or services delivered and accepted under the contract before the suspension, revocation, or revision of such procurement authority or delegation.

(C) Nothing contained in this subsection shall affect the board's power to order any additional relief which it is authorized to provide under any statute or regulation. However, the procedures set forth in this subsection shall only apply to procurements conducted under the authority contained in this section. In addition, nothing contained in this subsection shall affect the right of any interested party to file a protest with the contracting agency or to file an action in a district court of the United States or the United States Claims Court.

(8) [1] Not later than January 15, 1985, the board shall adopt and issue such rules and procedures as may be necessary to the expeditious disposition of protests filed under the authority of this subsection.

(9) For purposes of this subsection—

(A) the term "protest" means a written objection by an interested party to a solicitation by a Federal agency for bids or proposals for a proposed contract for the procurement of property or services or a written objection to a proposed award or the award of such a contract; and

(B) the term "interested party" means, with respect to a contract or proposed contract described in subparagraph (A), an actual or prospective bidder or offeror whose direct economic interest would be affected by the award of the contract or by failure to award the contract.

(i) Procurement from sole source or by specific make and model

The justifications and approvals required by section 253(f)(1) of title 41 shall apply in the case of any procurement under this section for which the minimum needs are so restrictive that only one manufacturer is capable of satisfying such needs. Such procurement includes either a sole source procurement or a procurement by specific make and model. Such justification and approval shall be required notwithstanding that more than one bid or offer is made or that the procurement obtains price competition and such procurement shall be treated as a procurement using procedures other than competitive procedures for purposes of section 417(b) of title 41.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 260 of this title; title 22 sections 2509, 4024; title 23 section 140; title 30 section 1711; title 38 section 5022; title 40 sections 356, 356a; title 50 sections 1432, 1651.

§ 253. Competition requirements

(a) Procurement through full and open competition; competitive procedures

(1) Except as provided in subsections (b), (c), and (g) of this section and except in the case of procurement procedures otherwise expressly authorized by statute, an executive agency in conducting a procurement for property or services—

(A) shall obtain full and open competition through the use of competitive procedures in accordance with the requirements of this title and the modifications to regulations promulgated pursuant to section 2752 of the Competition in Contracting Act of 1984 [41 U.S.C. 403 note]; and

(B) shall use the competitive procedure or combination of competitive procedures that is best suited under the circumstances of the procurement.

(2) In determining the competitive procedures appropriate under the circumstance, an executive agency—

(A) shall solicit sealed bids if—

(i) time permits the solicitation, submission, and evaluation of sealed bids;

(ii) the award will be made on the basis of price and other price-related factors;

(iii) it is not necessary to conduct discussions with the responding sources about their bids; and

(iv) there is a reasonable expectation of receiving more than one sealed bid; and

(B) shall request competitive proposals if sealed bids are not appropriate under clause (A).

(b) Exclusion of particular source; restriction of solicitation to small business concerns

(1) An executive agency may provide for the procurement of property or services covered by this section using competitive procedures but excluding a particular source in order to establish or maintain any alternative source or sources of supply for that property or service if the agency head determines that to do so—

(A) would increase or maintain competition and would likely result in reduced overall costs for such procurement, or for any anticipated procurement, of such property or services;

(B) would be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the property or service in case of a national emergency or industrial mobilization; or

(C) would be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center.

(2) An executive agency may provide for the procurement of property or services covered by this section using competitive procedures, but excluding other than small business concerns in furtherance of sections 638 and 644 of title 15;

(3) A contract awarded pursuant to the competitive procedures referred to in paragraphs (1) and (2) shall not be subject to the justification and approval required by subsection (f)(1) of this section.

(c) Use of noncompetitive procedures

An executive agency may use procedures other than competitive procedures only when—

(1) the property or services needed by the executive agency are available from only one responsible source and no other type of property or services will satisfy the needs of the executive agency;

(2) the executive agency's need for the property or services is of such an unusual and compelling urgency that the Government would be seriously injured unless the executive agency is permitted to limit the number of sources from which it solicits bids or proposals;

(3) it is necessary to award the contract to a particular source or sources in order (A) to maintain a facility, producer, manufacturer, or other supplier available for furnishing property or services in case of a national emergency or to achieve industrial mobilization, or (B) to establish or maintain an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(4) the terms of an international agreement or treaty between the United States Government and a foreign government or international organization, or the written directions of a foreign government reimbursing the executive agency for the cost of the procurement of the property or services for such government, have the effect of requiring the use of procedures other than competitive procedures;

(5) a statute expressly authorizes or requires that the procurement be made through another executive agency or from a specified source, or the agency's need is for a brand-name commercial item for authorized resale;

(6) the disclosure of the executive agency's needs would compromise the national security unless the agency is permitted to limit the

number of sources from which it solicits bids or proposals; or

(7) the head of the executive agency—

(A) determines that it is necessary in the public interest to use procedures other than competitive procedures in the particular procurement concerned, and

(B) notifies the Congress in writing of such determination not less than 30 days before the award of the contract.

(d) Property or services deemed available from only one source; nondelegable authority

(1) For the purposes of applying subsection (c)(1) of this section—

(A) in the case of a contract for property or services to be awarded on the basis of acceptance of an unsolicited research proposal, the property or services shall be considered to be available from only one source if the source has submitted an unsolicited research proposal that demonstrates a unique and innovative concept the substance of which is not otherwise available to the United States and does not resemble the substance of a pending competitive procurement; and

(B) in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment when it is likely that award to a source other than the original source would result in (i) substantial duplication of cost to the Government which is not expected to be recovered through competition, or (ii) unacceptable delays in fulfilling the executive agency's needs, such property may be deemed to be available only from the original source and may be procured through procedures other than competitive procedures.

(2) The authority of the head of an executive agency under subsection (c)(7) of this section may not be delegated.

(e) Offer requests to potential sources

An executive agency using procedures other than competitive procedures to procure property or services by reason of the application of subsection (c)(2) or (c)(6) of this section shall request offers from as many potential sources as is practicable under the circumstances.

(f) Justification for use of noncompetitive procedures

(1) Except as provided in paragraph (2), an executive agency may not award a contract using procedures other than competitive procedures unless—

(A) the contracting officer for the contract justifies the use of such procedures in writing and certifies the accuracy and completeness of the justification;

(B) the justification is approved—

(i) in the case of a contract for an amount exceeding $100,000 (but equal to or less than $1,000,000), by the competition advocate for the procuring activity (without further delegation);

(ii) in the case of a contract for an amount exceeding $1,000,000 (but equal to or less than $10,000,000), by the head of the procuring activity or a delegate who, if a member of the armed forces, is a general or flag officer or, if a civilian;[1] is serving in a position in grade GS-16 or above under the General Schedule (or in a comparable or higher position under another schedule); or

(iii) in the case of a contract for an amount exceeding $10,000,000, by the senior procurement executive of the agency designated pursuant to section 414(3) of this title (without further delegation); and

(C) any required notice has been published with respect to such contract pursuant to section 416 of this title and all bids or proposals received in response to such notice have been considered by such executive agency.

(2) In the case of a procurement permitted by subsection (c)(2), the justification and approval required by paragraph (1) may be made after the contract is awarded. The justification and approval required by paragraph (1) is not required—

(A) when a statute expressly requires that the procurement be made from a specified source;

(B) when the agency's need is for a brand-name commercial item for authorized resale;

(C) in the case of a procurement permitted by subsection (c)(7) of this section; or

(D) in the case of a procurement conducted under (i) the Act of June 25, 1938 (41 U.S.C. 46 et seq.), popularly referred to as the Wagner-O'Day Act, or (ii) section 637(a) of title 15.

(3) The justification required by paragraph (1)(A) shall include—

(A) a description of the agency's needs;

(B) an identification of the statutory exception from the requirement to use competitive procedures and a demonstration, based on the proposed contractor's qualifications or the nature of the procurement, of the reasons for using that exception;

(C) a determination that the anticipated cost will be fair and reasonable;

(D) a description of the market survey conducted or a statement of the reasons a market survey was not conducted;

(E) a listing of the sources, if any, that expressed in writing an interest in the procurement; and

(F) a statement of the actions, if any, the agency may take to remove or overcome a barrier to competition before a subsequent procurement for such needs.

(4) The justification required by paragraph (1)(A) and any related information shall be made available for inspection by the public consistent with the provisions of section 552 of title 5.

(5) In no case may an executive agency—

(A) enter into a contract for property or services using procedures other than competitive procedures on the basis of the lack of advance planning or concerns related to the amount of funds available to the agency for procurement functions; or

---

[1] So in original. The semicolon probably should be a comma.

(B) procure property or services from another executive agency unless such other executive agency complies fully with the requirements of this subchapter in its procurement of such property or services.

The restriction set out in clause (B) is in addition to, and not in lieu of, any other restriction provided by law.

(g) Simplified procedures for small purchases

(1) In order to promote efficiency and economy in contracting and to avoid unnecessary burdens for agencies and contractors, the regulations modified, in accordance with section 2752 of the Competition in Contracting Act of 1984 [41 U.S.C. 403 note], shall provide for special simplified procedures for small purchases of property and services.

(2) For the purposes of this subchapter, a small purchase is a purchase or contract for an amount which does not exceed $25,000.

(3) A proposed purchase or contract for an amount above $25,000 may not be divided into several purchases or contracts for lesser amounts in order to use the small purchase procedures required by paragraph (1).

(4) In using small purchase procedures, an executive agency shall promote competition to the maximum extent practicable.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 257 of this title.

§ 253b. Evaluation and award

(a) Basis

An executive agency shall evaluate sealed bids and competitive proposals based solely on the factors specified in the solicitation.

(b) Rejection of bids or proposals

All sealed bids or competitive proposals received in response to a solicitation may be rejected if the agency head determines that such action is in the public interest.

(c) Opening of bids; promptness of award; written notice

Sealed bids shall be opened publicly at the time and place stated in the solicitation. The executive agency shall evaluate the bids without discussions with the bidders and, except as provided in subsection (b) of this section, shall award a contract with reasonable promptness to the responsible source whose bid conforms to the solicitation and is most advantageous to the United States, considering only price and the other price-related factors included in the solicitation. The award of a contract shall be made by transmitting written notice of the award to the successful bidder.

(d) Discussions with offerors; written notification

(1) The executive agency shall evaluate competitive proposals and may award a contract—

(A) after discussions conducted with the offerors at any time after receipt of the proposals and before the award of the contract; or

(B) without discussions with the offerors (other than discussions conducted for the purpose of minor clarification) when it can be clearly demonstrated from the existence of full and open competition or accurate prior cost experience with the product or service that acceptance of an initial proposal without discussions would result in the lowest overall cost to the Government.

(2) In the case of award of a contract under paragraph (1)(A), the executive agency shall conduct, before such award, written or oral discussions with all responsible sources who submit proposals within the competitive range, considering only price and the other factors included in the solicitation.

(3) In the case of award of a contract under paragraph (1)(B), the executive agency shall award the contract based on the proposals as received (and as clarified, if necessary, in discussions conducted for the purpose of minor clarification).

(4) Except as otherwise provided in subsection (b) of this section, the executive agency shall award a contract with reasonable promptness to the responsible source whose proposal is most advantageous to the United States, considering only price and the other factors included in the solicitation. The executive agency shall award the contract by transmitting written notice of the award to such source and shall promptly notify all other offerors of the rejection of their proposals.

(e) Antitrust violations

If the agency head considers that a bid or proposal evidences a violation of the antitrust laws, such agency head shall refer the bid or proposal to the Attorney General for appropriate action.

(f) Planning for future competition

(1)(A) In preparing a solicitation for the award of a development contract for a major system, the head of an agency shall consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(B) The proposals that the head of an agency is to consider requiring in a solicitation for the award of a development contract are the following:

(i) Proposals to incorporate in the design of the major system items which are currently available within the supply system of the Federal agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source.

(ii) With respect to items that are likely to be required in substantial quantities during the system's service life, proposals to incorporate in the design of the major system items which the United States will be able to acquire competitively in the future.

(2)(A) In preparing a solicitation for the award of a production contract for a major system, the head of an agency shall consider requiring in the solicitation that an offeror include in its offer proposals described in subparagraph (B). In determining whether to require such proposals, the head of the agency shall give due consideration to the purposes for which the system is being procured and the technology necessary to meet the system's required capabilities. If such proposals are required, the head of the agency shall consider them in evaluating the offeror's price.

(B) The proposals that the head of an agency is to consider requiring in a solicitation for the award of a production contract are proposals identifying opportunities to ensure that the United States will be able to obtain on a competitive basis items procured in connection with the system that are likely to be reprocured in substantial quantities during the service life of the system. Proposals submitted in response to such requirement may include the following:

(i) Proposals to provide to the United States the right to use technical data to be provided under the contract for competitive reprocurement of the item, together with the cost to the United States, if any, of acquiring such technical data and the right to use such data.

(ii) Proposals for the qualification or development of multiple sources of supply for the item.

(3) If the head of an agency is making a noncompetitive award of a development contract or a production contract for a major system, the factors specified in paragraphs (1) and (2) to be considered in evaluating an offer for a contract may be considered as objectives in negotiating the contract to be awarded.

(June 30, 1949, ch. 288, title III, § 303B, as added July 18, 1984, Pub. L. 98-369, div. B, title VII, § 2711(a)(2), 98 Stat. 1179; Oct. 30, 1984, Pub. L. 98-577, title II, § 201(a), 98 Stat. 3068.)

EFFECTIVE DATE OF 1984 AMENDMENT

Section 201(b) of Pub. L. 98-577 provided that: "The amendment made by subsection (a) [enacting subsec. (f) of this section] shall apply with respect to any solicitation issued more than 180 days after the date of enactment of this Act [Oct. 30, 1984]."

EFFECTIVE DATE

Section applicable with respect to any solicitation for bids or proposals issued after Mar. 31, 1985, see section 2751 of Pub. L. 98-369, set out as an Effective Date of 1984 Amendment note under section 251 of this title.

SMALL BUSINESS ACT

This section not to affect or supersede the provisions of section 637(a) of Title 15, Commerce and Trade, see section 2711(c) of Pub. L. 98-369, set out as a note under section 253 of this title.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 257 of this title.

§ 253c. Encouragement of new competition

(a) "Qualification requirement" defined

In this section, "qualification requirement" means a requirement for testing or other quality assurance demonstration that must be completed by an offeror before award of a contract.

(b) Agency head; functions; prior to enforcement of qualification requirement

Except as provided in subsection (c) of this section, the head of the agency shall, before enforcing any qualification requirement—

(1) prepare a written justification stating the necessity for establishing the qualification requirement and specify why the qualification requirement must be demonstrated before contract award;

(2) specify in writing and make available to a potential offeror upon request all requirements which a prospective offeror, or its product, must satisfy in order to become qualified, such requirements to be limited to those least restrictive to meet the purposes necessitating the establishment of the qualification requirement;

(3) specify an estimate of the costs of testing and evaluation likely to be incurred by a potential offeror in order to become qualified;

(4) ensure that a potential offeror is provided, upon request, a prompt opportunity to demonstrate at its own expense (except as provided in subsection (d) of this section) its ability to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned or of another agency obtained through interagency agreement, or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency);

(5) if testing and evaluation services are provided under contract to the agency for the purposes of clause (4), provide to the extent possible that such services be provided by a contractor who is not expected to benefit from an absence of additional qualified sources and who shall be required in such contract to adhere to any restriction on tech-

nical data asserted by the potential offeror seeking qualification; and

(6) ensure that a potential offeror seeking qualification is promptly informed as to whether qualification is attained and, in the event qualification is not attained, is promptly furnished specific information why qualification was not attained.

(c) Applicability; waiver authority; referral of offers

(1) Subsection (b) of this section does not apply with respect to a qualification requirement established by statute prior to October 30, 1984.

(2) Except as provided in paragraph (3), if it is unreasonable to specify the standards for qualification which a prospective offeror or its product must satisfy, a determination to that effect shall be submitted to the advocate for competition of the procuring activity responsible for the purchase of the item subject to the qualification requirement. After considering any comments of the advocate for competition reviewing such determination, the head of the procuring activity may waive the requirements of paragraphs (2) through (5) of subsection (b) of this section for up to two years with respect to the item subject to the qualification requirement.

(3) The waiver authority contained in paragraph (2) shall not apply with respect to any qualified products list.

(4) A potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror has not been identified as meeting a qualification requirement, if the potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror or its product meets the standards established for qualification or can meet such standards before the date specified for award of the contract.

(5) Nothing contained in this subsection requires the referral of an offer to the Small Business Administration pursuant to section 637(b)(7) of title 15 if the basis for the referral is a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

(6) The head of an agency need not delay a proposed procurement in order to comply with subsection (b) of this section or in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification.

(d) Number; qualified sources or products; fewer than two actual manufacturers; functions of agency head

(1) If the number of qualified sources or qualified products available to compete actively for an anticipated future requirement is fewer than two actual manufacturers or the products of two actual manufacturers, respectively, the head of the agency concerned shall—

(A) periodically publish notice in the Commerce Business Daily soliciting additional sources or products to seek qualification, unless the contracting officer determines that such publication would compromise national security; and

(B) bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement, but such costs may be borne only if the head of the agency determines that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to offset (within a reasonable period of time considering the duration and dollar value of anticipated future requirements) the costs incurred by the agency.

(2) The head of an agency shall require a prospective contractor requesting the United States to bear testing and evaluation costs under paragraph (1)(B) to certify as to its status as a small business concern under section 632 of title 15.

(e) Examination; need for qualification requirement

Within seven years after the establishment of a qualification requirement, the need for such qualification requirement shall be examined and the standards of such requirement revalidated in accordance with the requirements of subsection (b) of this section. The preceding sentence does not apply in the case of a qualification requirement for which a waiver is in effect under subsection (c)(2) of this section.

(f) Enforcement determination by agency head

Except in an emergency as determined by the head of the agency, whenever the head of the agency determines not to enforce a qualification requirement for a solicitation, the agency may not thereafter enforce that qualification requirement unless the agency complies with the requirements of subsection (b) of this section.

(June 30, 1949, ch. 288, title III, § 303C, formerly § 303D, as added Oct. 30, 1984, Pub. L. 98-577, title II, § 202(a), 98 Stat. 3069, and renumbered § 303C, Nov. 8, 1985, Pub. L. 99-145, title XIII, § 1304(c)(4)(A), 99 Stat. 742.)

EFFECTIVE DATE

Section 202(b) of Pub. L. 98-577 provided that: "The amendment made by subsection (a) [enacting this section] shall apply with respect to solicitations issued more than 180 days after the date of enactment of this Act [Oct. 30, 1984]."

§ 253d. Validation of proprietary data restrictions

(a) Contracts; delivery of technical services; contents

A contract for property or services entered into by an executive agency which provides for the delivery of technical data, shall provide that—

(1) a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data; and

(2) the contracting officer may review the validity of any restriction asserted by the contractor or by a subcontractor under the contract on the right of the United States to use technical data furnished to the United States under the contract if the contracting officer determines that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time.

(b) Review; challange; notice

If after such review the contracting officer determines that a challenge to the asserted restriction is warranted, the contracting officer shall provide written notice to the contractor or subcontractor asserting the restriction. Such notice shall state—

(1) the grounds for challenging the asserted restriction; and

(2) the requirement for a response within 60 days justifying the current validity of the asserted restriction.

(c) Written request; additional time; schedule of responses

If a contractor or subcontractor asserting a restriction subject to this section submits to the contracting officer a written request, showing the need for additional time to comply with the requirement to justify the current validity of the asserted restriction, additional time to adequately permit the submission of such justification shall be provided by the contracting officer as appropriate. If a party asserting a restriction receives notices of challenges to restrictions on technical data from more than one contracting officer, and notifies each contracting officer of the existence of more than one challenge, the contracting officer initiating the first in time challenge, after consultation with the party asserting the restriction and the other contracting officers, shall formulate a schedule of responses to each of the challenges that will afford the party asserting the restriction with an equitable opportunity to respond to each such challenge.

(d) Decision; validity of asserted restriction; failure to submit response

(1) Upon a failure by the contractor or subcontractor to submit any response under subsection (b) of this section, the contracting officer shall issue a decision pertaining to the validity of the asserted restriction.

(2) If a justification is submitted in response to the notice provided pursuant to subsection (b) of this section, a contracting officer shall within 60 days of receipt of any justification submitted, issue a decision or notify the party asserting the restriction of the time within which a decision will be issued.

(e) Claim; considered claim within Contract Disputes Act of 1978

If a claim pertaining to the validity of the asserted restriction is submitted in writing to a contracting officer by a contractor or subcontractor at any tier, such claim shall be considered a claim within the meaning of the Contract Disputes Act of 1978 (41 U.S.C. 601 et seq.).

(f) Challange; use of technical data; sustained; liability of United States for costs and fees

(1) If, upon final disposition, the contracting officer's challenge to the restriction on the right of the United States to use such technical data is sustained—

(A) the restriction on the right of the United States to use the technical data shall be cancelled; and

(B) if the asserted restriction is found not to be substantially justified, the contractor or subcontractor, as appropriate, shall be liable to the United States for payment of the cost to the United States of reviewing the asserted restriction and the fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the United States in challenging the asserted restriction, unless special circumstances would make such payment unjust.

(2) If, upon final disposition, the contracting officer's challenge to the restriction on the right of the United States to use such technical data is not sustained—

(A) the United States shall continue to be bound by the restriction; and

(B) the United States shall be liable for payment to the party asserting the restriction for fees and other expenses (as defined in section 2412(d)(2)(A) of title 28) incurred by the party asserting the restriction in defending the asserted restriction if the challenge by the United States is found not to be made in good faith.

(June 30, 1949, ch. 288, title III, § 303D, formerly § 303E, as added Oct. 30, 1984, Pub. L. 98-577, title II, § 203(a), 98 Stat. 3071, and renumbered § 303D, Nov. 8, 1985, Pub. L. 95-145, title XIII, § 1304(c)(4)(A), 99 Stat. 742.)

§ 253e. Commercial pricing for supplies

(a) Price to United States

Except in the case of an offer submitted with a written statement under subsection (b)(2) of this section and except as provided in subsection (c) of this section, a contract entered into using other than competitive procedures by an executive agency for the purchase of items that are offered for sale to the public may not result in a price to the United States that exceeds the lowest price at which such items are sold by the contractor to the public.

(b) Certification

A person who submits an offer to an executive agency for the supply of items that it offers for sale to the public (1) shall certify in the offer that the price offered is not more than its lowest commercial price for the items, or (2) shall submit with the offer a written statement specifying the amount of the difference between its lowest commercial price for the items and the price offered, and providing a justification for that difference.

(c) Applicability

Subsections (a) and (b) of this section do not apply to a contract if the contracting officer determines that the use of the price otherwise required by subsection (a) of this section for such contract is not appropriate because of—

(1) national security considerations; or

(2) differences in quantities, quality, delivery, or other terms and conditions of the contract from commercial contract terms.

§ 253f. Economic order qualities

(a) Procurement of supplies; costs advantageous to United States

Each executive agency shall procure supplies in such quantity as (A) will result in the total cost and unit cost most advantageous to the United States, where practicable, and (B) does not exceed the quantity reasonably expected to be required by the agency.

(b) Opinions; economic advantage to United States

Each solicitation for a contract for supplies shall, if practicable, include a provision inviting each offeror responding to the solicitation to state an opinion on whether the quantity of the supplies proposed to be procured is economically advantageous to the United States and, if applicable, to recommend a quantity or quantities which would be more economically advantageous to the United States. Each such recommendation shall include a quotation of the total price and the unit price for supplies procured in each recommended quantity.

§ 253g. Prohibition of contractors limiting subcontractor sales directly to United States

(a) Contract restrictions

Each contract for the purchase of property or services made by an executive agency shall provide that the contractor will not—

(1) enter into any agreement with a subcontractor under the contract that has the effect of unreasonably restricting sales by the subcontractor directly to the United States of any item or process (including computer software) made or furnished by the subcontractor under the contract (or any follow-on production contract); or

(2) otherwise act to restrict unreasonably the ability of a subcontractor to make sales to the United States described in clause (1).

(b) Rights under law

This section does not prohibit a contractor from asserting rights it otherwise has under law.

§ 254. Contract requirements

(a) Contracts awarded using procedures other than sealed-bid procedures

Except as provided in subsection (b) of this section, contracts awarded after using procedures other than sealed-bid procedures may be of any type which in the opinion of the agency head will promote the best interests of the Government. Every contract awarded after using procedures other than sealed-bid procedures shall contain a suitable warranty, as determined by the agency head, by the contractor that no person or selling agency has been employed or retained to solicit or secure such contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the contractor for the purpose of securing business, for the breach or violation of which warranty the Government shall have the right to annul such contract without liability or in its discretion to deduct from the contract price or consideration the full amount of such commission, percentage, brokerage, or contingent fee.

[*See main edition for text of* (b)]

(c) Examination of books, records, etc., of contractors; time limitation; exemptions; exceptional conditions; reports to Congress

All contracts awarded after using procedures other than sealed-bid procedures shall include a clause to the effect that the Comptroller General of the United States or any of his duly authorized representatives shall until the expiration of three years after final payment have access to and the right to examine any directly pertinent books, documents, papers, and records of the contractor or any of his subcontractors engaged in the performance of and involving transactions related to such contracts or subcontracts. Under regulations to be prescribed by the Administrator, however, such clause may be omitted from contracts with foreign contractors or foreign subcontractors if the agency head determines, with the concurrence of the Comptroller General of the United States or his designee, that the omission will serve the best interests of the United States. However, the concurrence of the Comptroller General of the United States or his designee is not required for the omission of such clause—

[*See main edition for text of* (*1*) *and* (*2*)]

If the clause is omitted based on a determination under clause (2) a written report shall be furnished to the Congress. The power of the agency head to make the determination specified in the preceding sentences shall not be delegable.

(d) Submission of cost or pricing data by contractors and subcontractors; certificate; adjustment of price; inspection of books, records, etc.; necessity of data; exceptions

(1) A prime contractor or any subcontractor shall be required to submit cost or pricing data under the circumstances listed below, and shall be required to certify that, to the best of such contractor's or subcontractor's knowledge and belief, the cost or pricing data submitted were accurate, complete, and current—

(A) before the award of any prime contract under this subchapter using procedures other than sealed-bid procedures, if the contract price is expected to exceed $100,000;

(B) before the pricing of any contract change or modification, if the price adjustment is expected to exceed $100,000, or such lesser amount as may be prescribed by the agency head;

(C) before the award of a subcontract at any tier, when the prime contractor and each higher tier subcontractor have been required to furnish such a certificate, if the price of such subcontract is expected to exceed $100,000; or

(D) before the pricing of any contract change or modification to a subcontract covered by clause (C), if the price adjustment is expected to exceed $100,000, or such lesser amount as may be prescribed by the agency head.

(2) Any prime contract or change or modification thereto under which a certificate is required under paragraph (1) shall contain a provision that the price to the Government, including profit or fee, shall be adjusted to exclude any significant sums by which it may be determined by the agency head that such price was increased because the contractor or any subcontractor required to furnish such a certificate, furnished cost or pricing data which, as of a date agreed upon between the parties (which date shall be as close to the date of agreement on the price as is practicable), were inaccurate, incomplete, or noncurrent.

(3) For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this subsection, any authorized representative of the agency who is an employee of the United States Government shall have the right, until the expiration of three years after final payment under the contract or subcontract, to examine all books, records, documents, and other data of the contractor or subcontractor related to the proposal for the contract, the discussions conducted on the proposal, pricing, or performance of the contract or subcontract.

(4) When cost or pricing data are not required to be submitted by this subsection, such data may nevertheless be required by the agency if the agency head determines that such data are necessary for the evaluation by the executive agency of the reasonableness of the price of the contract or subcontract.

(5) The requirements of this subsection need not be applied to contracts or subcontracts—

(A) where the price is based on—

(i) adequate price competition,

(ii) established catalog or market prices of commercial items sold in substantial quantities to the general public, or

(iii) prices set by law or regulation, or

(B) in exceptional cases, where the agency head determines that the requirements of this subsection may be waived and states in writing the reasons for such determination.

(As amended July 18, 1984, Pub. L. 98-369, div. B, title VII, §§ 2712, 2714(a)(3), 98 Stat. 1181, 1184.)

AMENDMENTS

1984—Pub. L. 98-369, § 2714(a)(2), substituted "Contract requirements" for "Negotiated contracts" in section catchline.

(a) Conclusiveness; delegation of powers

Determinations and decisions provided in this Act to be made by the Administrator or other agency head shall be final. Such determinations or decisions may be made with respect to individual purchases or contracts or, except for determinations or decisions under sections 253, 253a, and 253b of this title, with respect to classes of purchases or contracts. AMENDMENTS

1984—Subsec. (a). Pub. L. 98-369, § 2714(a)(4), substituted provision that determinations and decisions provided in this Act to be made by the Administrator or other agency head shall be final for provision that such determinations and decisions provided in this subchapter to be made by such official would be final, and added exception for determinations or decisions under sections 253, 253a, and 253b of this title, substituted "Except as provided in section 253(d)(2) of this title" for "Except as provided in subsection (b) of this section", and directed the substitution of "this Act" for "this chapter" after "powers provided by", which substitution was not capable of literal execution because the original text read "this title". Consequently, the amendment was executed by substituting "this Act" for "this title" as the probable intent of Congress.

Subsecs. (b), (c). Pub. L. 98-369, § 2714(a)(4)(D)-(F), redesignated subsec. (c) as (b), struck out "paragraphs (11), (12), (13), or of section 253(c)", and struck out former subsec. (b) which related to nondelegable powers and powers delegable to certain persons.

Subsec. (d). Pub. L. 98-369, § 2714(a)(4)(G), struck out subsec. (d) which related to preservation of data relating to contracts negotiated pursuant to the former provisions of section 252(c) of this title.

The amount by which any such grant is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies, equipment, or personal services on which the reduction of such grant is based.

(As amended Oct. 30, 1984, Pub. L. 98-555, § 3, 98 Stat. 2854.)

AMENDMENTS

1984—Subsec. (a). Pub. L. 98-555, § 3(b)(1), substituted "research in, and training and public health programs for, the prevention and control of sexually transmitted diseases" for "research, training, and public health programs for the prevention and control of venereal disease".

Subsec. (b). Pub. L. 98-555, § 3(b)(2), in amending subsec. (b) generally, designated existing provisions as pars. (1) to (3), added par. (4), and substituted references to sexually transmitted diseases for reference to venereal disease.

Subsec. (e). Pub. L. 98-555, § 3(a), (b)(4), (5), redesignated subsec. (d) as (e), and in par. (1) of subsec. (d). Notwithstanding language of section 3(b)(5)(B)(ii) directing the substitution of "(b), (c), or (d)" for "(b) or (c)" in second sentence of subsec. (e)(1), the amendment was executed by making the substitution in third sentence of subsec. (e)(1) to reflect the probable intent of Congress because "(b) or (c)" did not appear in second sentence. Former subsec. (e) redesignated (f).

Subsecs. (f), (g). Pub. L. 98-555, § 3(b)(5)(A), (6)(A), (C), redesignated subsecs. (e) and (f) as (f) and (g), respectively. in subsecs. (f) and (g) as so redesignated, substituted "sexually transmitted diseases" for "venereal disease", and struck out former subsec. (g) which defined venereal disease.

(C) if such entity received a loan under section 254h(c) of this title or a grant under section 254f(d)(2) of this title, an amount which bears the same ratio to the amount of such loan or grant as the number of days in such quarter (or other period) during which any Corps members were assigned to the entity bears to the number of days in the assignment period after such entity received such loan or grant;

(4) the entity, if a small health center, shall pay to the United States, in each calendar quarter (or other period as may be specified in the agreement) during which any Corps member is assigned to such entity, an amount determined by the Secretary in accordance with subsection (f) of this section; and

(b) Waiver of payment; use of funds

(1) The Secretary may waive in whole or in part, on a prospective or retrospective basis, the application of the requirement of subsection (a)(3) of this section for an entity which is not a small health center if he determines that the entity is financially unable to meet such requirement or if he determines that compliance with such requirement would unreasonably limit the ability of the entity to provide for the adequate support of the provision of health services by Corps members.

(2) The Secretary may waive in whole or in part, on a prospective or retrospective basis, the application of the requirement of subsection (a)(3) of this section for any entity which is not a small health center and which is located in a health manpower shortage area in which a significant percentage of the individuals are elderly, living in poverty, or have other characteristics which indicate an inability to repay, in whole or in part, the amounts required in subsection (a)(3) of this section.

(3) In the event that the Secretary grants a waiver under paragraph (1) or (2), and does not, pursuant to paragraph (5), require payment by the entity in the amount described in subsection (f)(1) of this section, the entity shall be required to use the total amount of funds collected by such entity in accordance with subsection (a)(2) of this section for the improvement of the capability of such entity to deliver health services to the individuals in, or served by, the health manpower shortage area.

(B) The Secretary may waive in whole or in part, on a prospective or retrospective basis, the application of the requirement of subparagraph (A) for any entity if the Secretary determines that the entity is financially unable to meet such requirement or that compliance with such requirement would unreasonably limit the ability of the entity to provide for the adequate support of the provision of health services by Corps members. Funds which would be paid to the United States but for a waiver under this subparagraph shall be used by an entity to—

(i) expand or improve its provision of health services;

(iv) improve the administration of its health service programs; or

(v) to establish a financial reserve to assure its ability to continue providing health services.

(c) Excess funds

The excess (if any) of the amount of funds collected by an entity which is not a small health center in accordance with subsection (a)(2) of this section over the amount paid to the United States in accordance with subsection (a)(3) of this section or subsection (b)(5)(A) of this section shall be used by the entity to expand and improve the provision of health services to the individuals in the health manpower shortage area for which the entity submitted an application or to recruit and retain health manpower to provide health services for such individuals.

[*See main edition for text of* (*d*) *and* (*e*)]

(f) Small health centers

(1) An entity which is a small health center shall pay to the United States, as prescribed by the Secretary in each calendar quarter (or other period as may be specified in the agreement) during which any Corps member is assigned to such entity, an amount equal to the amount (prorated for a calendar quarter or other period) by which the revenues that the center may reasonably expect to receive during an annual period for the provision of health services exceeds the costs that the center may reasonably expect to incur in the provision of such services, except that the amount that an entity shall pay to the United States under this paragraph shall not exceed the amount such entity would pay to the United States under paragraph (3) of subsection (a) of this section if such paragraph applied to such entity.

(2)(A) To determine for purposes of paragraph (1) the revenues and costs which an entity that is a small health center may reasonably be expected to receive and incur in an annual period for the provision of health services, the entity shall submit to the Secretary before the beginning of such period a proposed budget which—

(i) describes the primary and supplemental health services (as defined in section 254c of this title) which are needed by the area the entity serves in such period; and

(ii) states the revenues and costs which the entity expects to receive and incur in providing such health services in such period.

(B) From the submission under subparagraph (A) and other information available to the Secretary, the Secretary shall determine—

(i) the primary and supplemental health services (as defined in section 254c of this title) needed in the area the entity serves;

(ii) the fees, premiums, third party reimbursements, and other revenues the entity making the submission may reasonably expect to receive from the provision of such services; and

(iii) the costs which the entity may reasonably expect to incur in providing such services.

The revenues and costs determined by the Secretary shall be the revenues and costs used in making the determination under paragraph (1).

(3) The Secretary may waive in whole or in part, on a prospective or retrospective basis, the application of paragraph (1) for an entity which is a small health center if the Secretary determines that the entity needs all or part of the amounts otherwise payable under such paragraph to—

(A) expand or improve its provision of health services;

(B) increase the number of individuals served;

(C) renovate or modernize facilities for its provision of health services;

(D) improve the administration of its health service programs; or

(E) establish a financial reserve to assure its ability to continue providing health services.

(4) The excess (if any) of the amount of funds collected by an entity which is a small health center in accordance with subsection (a)(2) of this section over the amount paid to the United States in accordance with paragraph (1) of this subsection shall be used by the center for the purposes set out in subparagraphs (A) through (E) of paragraph (3) of this subsection or to recruit and retain health manpower to provide health services to the individuals in the health manpower shortage area for which the entity submitted an application.

(5) For purposes of this section, the term "small health center" means an entity other than—

(A) a hospital (or part of a hospital);

(B) a public entity; or

(C) an entity that is receiving a grant under section 254b of this title or section 254c of this title, except that such term includes an entity whose grant is less than the total of the amounts, calculated on an annual basis, specified in subparagraphs (A) and (B) of subsection (a)(3) of this section.

(C) in the case of a National Research Service Award for a purpose described in subsection (a)(1)(A)(iii) of this section, the individual has been sponsored (in such manner as the Secretary may by regulation require) by the institution at which the research or training under the award will be conducted.

An application for an award shall be in such form, submitted in such manner, and contain such information, as the Secretary may by regulation prescribe.

(2) The making of grants under subsection (a)(1)(B) of this section for National Research Service Awards shall be subject to review and approval by the appropriate advisory councils within the Department of Health and Human Services (A) whose activities relate to the research or training under the awards, or (B) for the entity at which such research or training will be conducted.

(3) No grant may be made under subsection (a)(1)(B) of this section unless an application therefor has been submitted to and approved by the Secretary. Such application shall be in such form, submitted in such manner, and contain such information, as the Secretary may by regulation prescribe. Subject to the provisions of this section (other than paragraph (1)), National Research Service Awards made under a grant under subsection (a)(1)(B) of this section shall be made in accordance with such regulations as the Secretary shall prescribe.

unless the Secretary for good cause shown waives the application of such limit to such individual.

(5) National Research Service Awards shall provide for such stipends, tuition, fees, and allowances (including travel and subsistence expenses and dependency allowances), adjusted periodically to reflect increases in the cost of living, for the recipients of the awards as the Secretary may deem necessary. A National Research Service Award made to an individual for research or research training at a non-Federal public or nonprofit private institution shall also provide for payments to be made to the institution for the cost of support services (including the cost of faculty salaries, supplies, equipment, general research support, and related items) provided such individual by such institution. The amount of any such payments to any institution shall be determined by the Secretary and shall bear a direct relationship to the reasonable costs of the institution for establishing and maintaining the quality of its biomedical and behavioral research and training programs.

(c) Health research or teaching; service period; recovery upon noncompliance with service requirement, formula; cancellation or waiver of obligation

(1) Each individual who is awarded a National Research Service Award (other than an individual who is a pre-baccalaureate student who is awarded a National Research Service Award for research training) shall, in accordance with paragraph (3), engage in health research or teaching or any combination thereof which is in accordance with the usual patterns of academic employment, for a period computed in accordance with paragraph (2).

(2) For each month for which an individual receives a National Research Service Award which is made for a period in excess of twelve months, such individual shall engage in one month of health research or teaching or any combination thereof which is in accordance with the usual patterns of academic employment.

(3) The requirement of paragraph (1) shall be complied with by any individual to whom it applies within such reasonable period of time, after the completion of such individual's award, as the Secretary shall by regulation prescribe. The Secretary shall by regulation prescribe the type of research and teaching in which an individual may engage to comply with such requirement and such other requirements respecting research and teaching as the Secretary considers appropriate.

(4)(A) If any individual to whom the requirement of paragraph (1) is applicable fails, within the period prescribed by paragraph (3), to comply with such requirements, the United States shall be entitled to recover from such individual an amount determined in accordance with the formula—

in which "A" is the amount the United States is entitled to recover; "ϕ" is the sum of the total amount paid under one or more National Research Service Awards to such individual; "t" is the total number of months in such individual's service obligation; and "s" is the number of months of such obligation served by such individual in accordance with paragraphs (1) and (2) of this subsection.

(B) Any amount which the United States is entitled to recover under subparagraph (A) shall, within the three-year period beginning on the date the United States becomes entitled to recover such amount, be paid to the United States. Until any amount due the United States under subparagraph (A) on account of any National Research Service Award is paid, there shall accrue to the United States interest on such amount at a rate fixed by the Secretary of the Treasury after taking into consideration private consumer rates of interest prevailing on the date the United States becomes entitled to such amount.

(5)(A) Any obligation of an individual under paragraph (1) shall be canceled upon the death of such individual.

(B) The Secretary shall by regulation provide for the waiver or suspension of any such obligation applicable to any individual whenever compliance by such individual is impossible or would involve substantial hardship to such individual or would be against equity and good conscience.

(d) Authorization of appropriations; apportionment

There are authorized to be appropriated to make payments under National Research Service Awards and under grants for such awards $244,000,000 for fiscal year 1986, $260,000,000 for fiscal year 1987, and $275,000,000 for fiscal year 1988. Of the amounts appropriated under this subsection—

(1)(A) in case of a facility which was an affiliated hospital or outpatient facility with respect to which funds have been paid under section 293(a)(1) of this title, the owner of the facility ceases to be a public or other nonprofit agency that would have been qualified to file an application under section 291e of this title,

(b) Notice of cessation or change of use

The owner of a facility which ceases to be a public or nonprofit agency, school, or entity as described in subparagraph (A), (B), or (C) of subsection (a)(1) of this section, as the case may be, or the owner of a facility the use of which changes as described in paragraph (2) or (3) of subsection (a) of this section, shall provide the Secretary written notice of such cessation or change of use within 10 days after the date on which such cessation or change of use occurs or within 30 days after October 22, 1985, whichever is later.

(2)(A) The interest that the United States is entitled to recover under subsection (a) of this section is the interest for the period (if any) described in subparagraph (B) at a rate (determined by the Secretary) based on the average of the bond equivalent rates of ninety-one-day Treasury bills auctioned during that period.

(B) The period referred to in subparagraph (A) is the period beginning—

(i) if notice is provided as prescribed by subsection (b) of this section, 191 days after the date on which the owner of the facility ceases to be a public or nonprofit agency, school, or entity as described in subparagraph (A), (B), or (C) of subsection (a)(1) of this section, as the case may be, or 191 days after the date on which the use of the facility changes as described in paragraph (2) or (3) of subsection (a) of this section, or

(ii) if notice is not provided as prescribed by subsection (b) of this section, 11 days after the date on which such cessation or change of use occurs,

and ending on the date the amount the United States is entitled to recover is collected.

(d) Waiver of recovery rights

The Secretary may waive the recovery rights of the United States under subsection (a)(2) of this section with respect to a facility (under such conditions as the Secretary may establish by regulation) if the Secretary determines that there is good cause for waiving such rights.

(e) Pre-judgment lien

The right of recovery of the United States under subsection (a) of this section shall not, prior to judgment, constitute a lien on any facility.

§ 295f. Capitation grants for schools of public health

(a) Method of computation

(1) The Secretary shall make annual grants to schools of public health for the support of the education programs of such schools. The amount of the annual grant to each such school with an approved application shall be computed for each fiscal year in accordance with paragraphs (2) and (3).

(2) Each school of public health shall receive for the fiscal year ending September 30, 1986, and for each of the next two fiscal years, an amount equal to the product of—

(A) $1,400, and

(B) the sum of (i) the number of full-time students enrolled in degree programs in such school in the school year beginning in such fiscal year, and (ii) the number of full-time equivalents of part-time students enrolled in degree programs in such school, determined pursuant to paragraph (3), for such school for such school year.

(3) For purposes of paragraph (2), the number of full-time equivalents of part-time students for a school of public health for any school year is a number equal to—

(A) the total number of credit hours of instruction in such year for which part-time students of such school, who are pursuing a course of study leading to a graduate degree in public health or an equivalent degree, have enrolled, divided by

(B) the greater of (i) the number of credit hours of instruction which a full-time student of such school was required to take in such year, or (ii) 9,

rounded to the next highest whole number.

(b) Ratio of grant funds

Notwithstanding subsection (a) of this section, if the aggregate of the amounts of the grants to be made in accordance with such subsection for any fiscal year to schools of public health with approved applications exceeds the total of the amounts appropriated for such grants for such schools under subsection (e) of this section, the amount of a school's grant for such fiscal year shall be an amount which bears the same ratio to the amount determined for the school under subsection (a) of this section as the total of the amounts appropriated for that year under subsection (e) of this section for grants to schools of public health bears to the amount required to make grants in accordance with subsection (a) of this section to each of the schools of public health with approved applications.

(c) Student enrollment criteria

(1) For purposes of this section, regulations of the Secretary shall include provisions relating to the determination of the number of students enrolled in a school or in a particular year-class in a school on the basis of estimates, on the basis of the number of students who in an earlier year were enrolled in a school or in a particular year-class, or on such other basis as the Secretary deems appropriate for making such determination, and shall include methods of making such determination when a school or a year-class was not in existence in an earlier year at a school.

(2) For purposes of this section, the term "full-time students" (whether such term is used by itself or in connection with a particular year-class) means students pursuing a full-time course of study leading to a graduate degree in public health or equivalent degree.

(d) New public health schools

In the case of a new school of public health which applies for a grant under this section in the fiscal year preceding the fiscal year in which it will admit its first class, the enrollment for purposes of subsection (a) of this section shall be the number of full-time students which the Secretary determines, on the basis of assurances provided by the school, will be enrolled in the school, in the fiscal year after the fiscal year in which the grant is made.

(B) the applicant will expend in carrying out its functions as a school of public health during the fiscal year for which such grant is sought, an amount of funds (other than funds for construction as determined by the Secretary) from non-Federal sources which is at least as great as the amount of funds expended by such applicant for such purpose (excluding expenditures of a nonrecurring nature) in the fiscal year preceding the fiscal year for which such grant is sought.

(2) For purposes of subsection (a)(1)(A) of this section, the number of full-time equivalent students enrolled in a degree program in a school in a school year is equal to the sum cal-

§ 297b. Loan provisions

[*See main edition for text of* (*a*)]

(b) Terms and conditions

Loans from any such student loan fund by any school shall be made on such terms and conditions as the school may determine; subject, however, to such conditions, limitations, and requirements as the Secretary may prescribe (by regulation or in the agreement with the school) with a view to preventing impairment of the capital of such fund to the maximum extent practicable in the light of the objective of enabling the student to complete his course of study; and except that—

(1) such a loan may be made only to a student who (A) is in need of the amount of the loan to pursue a full-time or half-time course of study at the school leading to a baccalaureate or associate degree in nursing or an equivalent degree, or a diploma in nursing, or a graduate degree in nursing, (B) is capable, in the opinion of the school, of maintaining good standing in such course of study, and (C) if a student who will enroll in the school after June 30, 1986, is of exceptional financial need (as defined by regulations of the Secretary);

(f) Penalty for late payment

Subject to regulations of the Secretary and in accordance with this section, a school shall assess a charge with respect to a loan from the loan fund established pursuant to an agreement under this subpart for failure of the borrower to pay all or any part of an installment when it is due and, in the case of a borrower who is entitled to deferment of the loan under subsection (b)(2) of this section or cancellation of part or all of the loan under subsection (b)(3) of this section, for any failure to file timely and satisfactory evidence for such entitlement. No such charge may be made if the payment of such installment or the filing of such evidence is made within 60 days after the date on which such installment or filing is due. The amount of any such charge may not exceed an amount equal to 6 percent of the amount of such installment. The school may elect to add the amount of any such charge to the principal amount of the loan as of the first day after the day on which such installment or evidence was due, or to make the amount of the charge payable to the school not later than the due date of the next installment after receipt by the borrower of notice of the assessment of the charge.

(k) Collection by Secretary of loan in default; preconditions and procedures applicable

The Secretary is authorized to attempt to collect any loan which was made under this subpart, which is in default, and which was referred to the Secretary by a school of nursing with which the Secretary has an agreement under this subpart, on behalf of that school under such terms and conditions as the Secretary may prescribe (including reimbursement from the school's student loan fund for expenses the Secretary may reasonably incur in attempting collection), but only if the school has complied with such requirements as the Secretary may specify by regulation with respect to the collection of loans under this subpart. A loan so referred shall be treated as a debt subject to section 5514 of title 5. Amounts collected shall be deposited in the school's student loan fund. Whenever the Secretary desires the institution of a civil action regarding any such loan, the Secretary shall refer the matter to the Attorney General for appropriate action.

§ 297d. Allotments and payments of Federal capital contributions

(a) Application for allotment; reduction or adjustment of amount requested in application; reallotment

(1) The Secretary shall from time to time set dates by which schools of nursing must file applications for Federal capital contributions.

(2)(A) If the total of the amounts requested for any fiscal year in such applications exceeds the total amount appropriated under section 297c of this title for that fiscal year, the allotment from such total amount to the loan fund of each school of nursing shall be reduced to whichever of the following is the smaller:

(i) The amount requested in its application.

(ii) An amount which bears the same ratio to the total amount appropriated as the number of students estimated by the Secretary to be enrolled on a full-time basis in such school during such fiscal year bears to the estimated total number of students enrolled in all such schools on a full-time basis during such year.

(B) Amounts remaining after allotment under subparagraph (A) shall be reallotted in accordance with clause (ii) of such subparagraph among schools whose applications requested more than the amounts so allotted to their loan funds, but with such adjustments as may be necessary to prevent the total allotted to any such school's loan fund under this paragraph and paragraph (3) from exceeding the total so requested by it.

(3) Funds which, pursuant to section 297e(c) of this title or pursuant to a loan agreement under section 297a of this title are returned to the Secretary in any fiscal year, shall be available for allotment in such fiscal year and in the fiscal year succeeding the fiscal year. Funds described in the preceding sentence shall be allotted among schools of nursing in such manner as the Secretary determines will best carry out this subpart, except that in making such allotments, the Secretary shall give priority to schools of nursing which established student loan funds under this subpart after September 30, 1975.

(b) Installment payment of allotments

Allotments to a loan fund of a school shall be paid to it from time to time in such installments as the Secretary determines will not result in unnecessary accumulations in the loan fund at such school.

Section applicable with respect to applications for allotments under this part for fiscal years beginning after fiscal year 1984 and to allotments made under this part for such fiscal years, see section 107 of Pub. L. 98–509, set out as an Effective Date of 1984 Amendment note under section 300x of this title.

§ 300x–1a. Allotments

(a)(1) If the amount available for allotment from appropriations under section 300x of this title for a fiscal year does not exceed $490,000,000, the Secretary shall allot such amount—

(A) on the basis of a formula prescribed by the Secretary which is based equally—

(i) on the population of each State, and

(ii) the population of each State weighted by its relative per capita income, or

(B) on the basis of the amount received by a State in fiscal year 1984,

whichever yields a higher amount. For purposes of subparagraph (A), the term "relative per capita income" means the quotient of the per capita income of the United States and the per capita income of the State, except that if the State is Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, the Commonwealth of Puerto Rico, or the Virgin Islands, the quotient shall be considered to be one.

(2) If the amount available for allotment from appropriations under section 300x of this title for a fiscal year is at least $490,000,000, the Secretary shall allot $490,000,000 in accordance with paragraph (1) and shall allot the amount which is in excess of such amount on the basis of the formula described in paragraph (1)(A).

(3) Notwithstanding paragraph (1), if the aggregate of the amounts to be allotted to each State pursuant to paragraph (1)(B) in any fiscal year exceeds the total amount available for allotment from appropriations under section 300x of this title, the amount to be allotted to a State for such fiscal year shall be an amount which bears the same ratio to the amount which is to be allotted to the State pursuant to such paragraph as the total amount available for allotment from appropriations under section 300x of this title bears to the total of the amount required to be appropriated and made available under such section for allotments to provide each State with the allotment required by such paragraph.

(4) To the extent that all the funds appropriated under section 300x of this title for a fiscal year and available for allotment in such fiscal year are not otherwise allotted to States because—

(A) one or more States have not submitted an application or description of activities in accordance with section 300x–4 of this title for the fiscal year;

(B) one or more States have notified the Secretary that they do not intend to use the full amount of their allotment; or

(C) some State allotments are offset or repaid under section 300x–5(b)(3) of this title;

such excess shall be allotted among each of the remaining States in proportion to the amount otherwise allotted to such States for the fiscal year without regard to this paragraph.

(b)(1) If the Secretary—

(A) receives a request from the governing body of an Indian tribe or tribal organization within any State that funds under this part be provided directly by the Secretary to such tribe or organization, and

(B) determines that the members of such tribe or tribal organization would be better served by means of grants made directly by the Secretary on this part,

the Secretary shall reserve from amounts which would otherwise be allotted to such State under subsection (a) of this section for the fiscal year the amount determined under paragraph (2).

(2) The Secretary shall reserve for the purpose of paragraph (1) from amounts that would otherwise be allotted to such State under subsection (a) of this section an amount equal to the amount which bears the same ratio to the State's allotment for the fiscal year involved as the total amount provided or allotted for fiscal

year 1980 by the Secretary to such tribe or tribal organization under—

(A) the Community Mental Health Centers Act [42 U.S.C. 2689 et seq.],

(B) the Mental Health Systems Act [42 U.S.C. 9401 et seq.],

(C) section 241 of this title,

(D) sections 301 and 312 of the Comprehensive Alcohol Abuse and Alcoholism, Prevention, Treatment, and Rehabilitation Act of 1970 [42 U.S.C. 4571, 4578], and

(E) sections 409 and 410 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act [21 U.S.C. 1176, 1177],

bore to the total amount provided or allotted for such fiscal year by the Secretary to the State and entities (including Indian tribes and tribal organizations) in the State under such provisions of law.

(3) The amount reserved by the Secretary on the basis of a determination under this subsection shall be granted to the Indian tribe or tribal organization serving the individuals for whom such a determination has been made.

(4) In order for an Indian tribe or tribal organization to be eligible for a grant for a fiscal year under this subsection, it shall submit to the Secretary a plan for such fiscal year which meets such criteria as the Secretary may prescribe.

(5) The terms "Indian tribe" and "tribal organization" have the same meaning given such terms in section 450b(b) and (c) of title 25.

The transferor and transferee of a facility that is sold or transferred as described in subsection (a)(1) of this section, or the owner of a facility the use of which changes as described in subsection (a)(2) of this section, shall provide the Secretary written notice of such sale, transfer, or change within 10 days after the date on which such sale, transfer, or cessation of use occurs or within 30 days after October 22, 1985, whichever is later.

The Managing Trustee may purchase other interest-bearing obligations of the United States or obligations guaranteed as to both principal and interest by the United States, on original issue or at the market price, only where he determines that the purchase of such other obligations is in the public interest.

(g) Payments into Treasury

(1)(A) The Managing Trustee of the Trust Funds (which for purposes of this paragraph shall include also the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund established by subchapter XVIII of this chapter) is directed to pay from the Trust Funds into the Treasury—

(i) the amounts estimated by him and the Secretary of Health and Human Services which will be expended, out of moneys appropriated from the general fund in the Treasury, during a three-month period by the Department of Health and Human Services and the Treasury Department for the administration of subchapters II, XVI, and XVIII of this chapter and subchapter E of chapter 1 and subchapter A of chapter 9 of the Internal Revenue Code of 1939, and chapters 2 and 21 of the Internal Revenue Code of 1954, less

(ii) the amounts estimated (pursuant to the method prescribed by the Board of Trustees under paragraph (4) of this subsection) by the Secretary of Health and Human Services which will be expended, out of moneys made available for expenditures from the Trust Funds, during such three-month period to cover the cost of carrying out the functions of the Department of Health and Human Services, specified in section 432 of this title, which relate to the administration of provisions of the Internal Revenue Code of 1954 other than those referred to in clause (i).

Such payments shall be carried into the Treasury as the net amount of repayments due the general fund account for reimbursement of expenses incurred in connection with the administration of subchapters II, XVI, and XVIII of this chapter and subchapter E of chapter 1 and subchapter A of chapter 9 of the Internal Revenue Code of 1939, and chapters 2 and 21 of the Internal Revenue Code of 1954. A final accounting of such payments for any fiscal year shall be made at the earliest practicable date after the close thereof. There are hereby authorized to be made available for expenditure, out of any or all of the Trust Funds, such amounts as the Congress may deem appropriate to pay the costs of the part of the administration of this subchapter, subchapter XVI, and subchapter XVIII of this chapter for which the Secretary of Health and Human Services is responsible and of carrying out the functions of the Department of Health and Human Services, specified in section 432 of this title, which relate to the administration of provisions of the Internal Revenue Code of 1954 other than those referred to in clause (i) of the first sentence of this subparagraph.

(B) After the close of each fiscal year the Secretary of Health and Human Services shall determine the portion of the costs, incurred during such fiscal year, of administration of this subchapter, subchapter XVI, and subchapter XVIII of this chapter and of carrying out the functions of the Department of Health and Human Services, specified in section 432 of this title, which relate to the administration of provisions of the Internal Revenue Code of 1954 (other than those referred to in clause (i) of the first sentence of subparagraph (A)), which should have been borne by the general fund in the Treasury and the portion of such costs which should have been borne by each of the Trust Funds; except that the determination of the amounts to be borne by the general fund in the Treasury with respect to expenditures incurred in carrying out such functions specified in section 432 of this title shall be made pursuant to the method prescribed by the Board of Trustees under paragraph (4) of this subsection. After such determination has been made, the Secretary of Health and Human Services shall certify to the Managing Trustee the amounts, if any, which should be transferred from one to any of the other of such Trust Funds and the amounts, if any, which should be transferred between the Trust Funds (or one of the Trust Funds) and the general fund in the Treasury, in order to insure that each of the Trust Funds and the general fund in the Treasury have borne their proper share of the costs, incurred during such fiscal year, for the part of the administration of this subchapter, subchapter XVI, and subchapter XVIII of this chapter for which the Secretary of Health and Human Services is responsible and of carrying out the functions of the Department of Health and Human Services, specified in section 432 of this title, which relate to the administration of provisions of the Internal Revenue Code of 1954 (other than those referred to in clause (i) of the first sentence of subparagraph (A)). The Managing Trustee is authorized and directed to transfer any such amounts in accordance with any certification so made.

(2) The Managing Trustee is directed to pay from time to time from the Trust Funds into the Treasury the amount estimated by him as taxes imposed under section 3101(a) which are subject to refund under section 6413(c) of the Internal Revenue Code of 1954 with respect to wages (as defined in section 1426 of the Internal Revenue Code of 1939 and section 3121 of the Internal Revenue Code of 1954) paid after December 31, 1950. Such taxes shall be determined on the basis of the records of wages established and maintained by the Secretary of Health and Human Services in accordance with the wages reported to the Commissioner of Internal Revenue pursuant to section 1420(c) of the Internal Revenue Code of 1939 and to the Secretary of the Treasury or his delegate pursuant to subtitle F of the Internal Revenue Code of 1954, and the Secretary shall furnish the Managing Trustee such information as may be required by the Trustee for such purpose. The payments by the Managing Trustee shall be covered into the Treasury as repayments to the account for refunding internal revenue collections. Payments pursuant to the first sentence of this paragraph shall be made from the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund in the ratio in which amounts were appropriated to such Trust Funds under clause (3) of subsection (a) of this section and clause (1) of subsection (b) of this section.

[*See main edition for text of* (*3*)]

(4) The Board of Trustees shall prescribe before January 1, 1981, the method of determining the costs which should be borne by the general fund in the Treasury of carrying out the functions of the Department of Health and Human Services, specified in section 432 of this title, which relate to the administration of provisions of the Internal Revenue Code of 1954 (other than those referred to in clause (i) of the first sentence of paragraph (1)(A)). If at any time or times thereafter the Boards of Trustees of such Trust Funds deem such action advisable they may modify the method so determined.

(*l*) Interfund borrowing

(1) If at any time prior to January 1988 the Managing Trustee determines that borrowing authorized under this subsection is appropriate in order to best meet the need for financing the benefit payments from the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund, the Managing Trustee may borrow such amounts as he determines to be appropriate from the other such Trust Fund, or, subject to paragraph (5), from the Federal Hospital Insurance Trust Fund established under section 1395i of this

title for transfer to and deposit in the Trust Fund whose need for financing is involved.

(2) In any case where a loan has been made to a Trust Fund under paragraph (1), there shall be transferred on the last day of each month after such loan is made, from the borrowing Trust Fund to the lending Trust Fund, the total interest accrued to such day with respect to the unrepaid balance of such loan at a rate equal to the rate which the lending Trust Fund would earn on the amount involved if the loan were an investment under subsection (d) of this section (even if such an investment would earn interest at a rate different than the rate earned by investments redeemed by the lending fund in order to make the loan).

(3)(A) If in any month after a loan has been made to a Trust Fund under paragraph (1), the Managing Trustee determines that the assets of such Trust Fund are sufficient to permit repayment of all or part of any loans made to such Fund under paragraph (1), he shall make such repayments as he determines to be appropriate.

(B)(i) If on the last day of any year after a loan has been made under paragraph (1) by the Federal Hospital Insurance Trust Fund to the Federal Old-Age and Survivors Insurance Trust Fund or the Federal Disability Insurance Trust Fund, the Managing Trustee determines that the OASDI trust fund ratio exceeds 15 percent, he shall transfer from the borrowing Trust Fund to the Federal Hospital Insurance Trust Fund an amount that—

(I) together with any amounts transferred from another borrowing Trust Fund under this paragraph for such year, will reduce the OASDI trust fund ratio to 15 percent; and

(II) does not exceed the outstanding balance of such loan.

(ii) Amounts required to be transferred under clause (i) shall be transferred on the last day of the first month of the year succeeding the year in which the determination described in clause (i) is made.

(iii) For purposes of this subparagraph, the term "OASDI trust fund ratio" means, with respect to any calendar year, the ratio of—

(I) the combined balance in the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund, as of the last day of such calendar year, to

(II) the amount estimated by the Secretary to be the total amount to be paid from the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund during the calendar year following such calendar year for all purposes authorized by this section (other than payments of interest on, and repayments of, loans from the Federal Hospital Insurance Trust Fund under paragraph (1), but excluding any transfer payments between such trust funds and reducing the amount of any transfer to the Railroad Retirement Account by the amount of any transfers into either such trust fund from that Account).

(C)(i) The full amount of all loans made under paragraph (1) (whether made before or after January 1, 1983) shall be repaid at the earliest feasible date and in any event no later than December 31, 1989.

(ii) For the period after December 31, 1987, and before January 1, 1990, the Managing Trustee shall transfer each month to the Federal Hospital Insurance Trust Fund from any Trust Fund with any amount outstanding on a loan made from the Federal Hospital Insurance Trust Fund under paragraph (1) an amount not less than an amount equal to (I) the amount owed to the Federal Hospital Insurance Trust Fund by such Trust Fund at the beginning of such month (plus the interest accrued on the outstanding balance of such loan during such month), divided by (II) the number of months elapsing after the preceding month and before January 1990. The Managing Trustee may, during this period, transfer larger amounts than prescribed by the preceding sentence.

[*See main edition for text of (4)*]

(5)(A) No amounts may be borrowed from the Federal Hospital Insurance Trust Fund under paragraph (1) during any month if the Hospital Insurance Trust Fund ratio for such month is less than 10 percent.

(B) For purposes of this paragraph, the term "Hospital Insurance Trust Fund ratio" means, with respect to any month, the ratio of—

(i) the balance in the Federal Hospital Insurance Trust Fund, reduced by the outstanding amount of any loan (including interest thereon) theretofore made to such Trust Fund under this subsection, as of the last day of the second month preceding such month, to

(ii) the amount obtained by multiplying by twelve the total amount which (as estimated by the Secretary) will be paid from the Federal Hospital Insurance Trust Fund during the month for which such ratio is to be determined (other than payments of interest on, or repayments of loans from another Trust Fund under this subsection), and reducing the amount of any transfers to the Railroad Retirement Account by the amount of any transfer into the Hospital Insurance Trust Fund from that Account.

(m) Accounting for unnegotiated benefit checks

(1) The Secretary of the Treasury shall implement procedures to permit the identification of each check issued for benefits under this subchapter that has not been presented for payment by the close of the sixth month following the month of its issuance.

(2) The Secretary of the Treasury shall, on a monthly basis, credit each of the Trust Funds for the amount of all benefit checks (including interest thereon) drawn on such Trust Fund more than 6 months previously but not presented for payment and not previously credited to such Trust Fund, to the extent provided in advance in appropriation Acts.

(3) If a benefit check is presented for payment to the Treasury and the amount thereof has been previously credited pursuant to paragraph (2) to one of the Trust Funds, the Secretary of the Treasury shall nevertheless pay such check, if otherwise proper, recharge such

Trust Fund, and notify the Secretary of Health and Human Services.

(4) A benefit check bearing a current date may be issued to an individual who did not negotiate the original benefit check and who surrenders such check for cancellation if the Secretary of the Treasury determines it is necessary to effect proper payment of benefits.

(e) Widow's insurance benefits

(1) The widow (as defined in section 416(c) of this title) and every surviving divorced wife (as defined in section 416(d) of this title) of an individual who died a fully insured individual, if such widow or such surviving divorced wife—

(A) is not married,

(B)(i) has attained age 60, or (ii) has attained age 50 but has not attained age 60 and is under a disability (as defined in section 423(d) of this title) which began before the end of the period specified in paragraph (4),

(C)(i) has filed application for widow's insurance benefits, or was entitled to wife's insurance benefits, on the basis of the wages and self-employment income of such individual, for the month preceding the month in which he died, and (I) has attained retirement age (as defined in section 416(*l*) of this title) or (II) is not entitled to benefits under subsection (a) of this section or section 423 of this title, or

(ii) was entitled, on the basis of such wages and self-employment income, to mother's insurance benefits for the month preceding the month in which she attained retirement age (as defined in section 416(*l*) of this title), and

(D) is not entitled to old-age insurance benefits or is entitled to old-age insurance benefits each of which is less than the primary insurance amount (as determined after application of subparagraphs (B) and (C) of paragraph (2)) of such deceased individual,

shall be entitled to a widow's insurance benefit for each month, beginning with—

(E) if she satisfies subparagraph (B) by reason of clause (i) thereof, the first month in which she becomes so entitled to such insurance benefits, or

(F) if she satisfies subparagraph (B) by reason of clause (ii) thereof—

(i) the first month after her waiting period (as defined in paragraph (5)) in which she becomes so entitled to such insurance benefits, or

(ii) the first month during all of which she is under a disability and in which she becomes so entitled to such insurance benefits, but only if she was previously entitled to insurance benefits under this subsection on the basis of being under a disability and such first month occurs (I) in the period specified in paragraph (4) and (II) after the month in which a previous entitlement to such benefits on such basis terminated,

and ending with the month preceding the first month in which any of the following occurs: she remarries, dies, becomes entitled to an old-age insurance benefit equal to or exceeding the primary insurance amount (as determined after application of subparagraphs (B) and (C) of paragraph (2)) of such deceased individual, or, if she became entitled to such benefits before she attained age 60, subject to section 423(e) of this title, the termination month (unless she attains retirement age (as defined in section 416(*l*) of this title) on or before the last day of such termination month). For purposes of the preceding sentence, the termination month for any individual shall be the third month following the month in which her disability ceases; except that, in the case of an individual who has a period of trial work which ends as determined by application of section 422(c)(4)(A) of this title, the termination month shall be the earlier of (I) the third month following the earliest month after the end of such period of trial work with respect to which such individual is determined to no longer be suffering from a disabling physical or mental impairment, or (II) the third month following the earliest month in which such individual engages or is determined able to engage in substantial gainful activity, but in no event earlier than the first month occurring after the 15 months following such period of trial work in which she engages or is determined able to engage in substantial gainful activity.

(2)(A) Except as provided in subsection (q) of this section, paragraph (7) of this subsection, and subparagraph (D) of this paragraph, such widow's insurance benefit for each month shall be equal to the primary insurance amount (as determined for purposes of this subsection after application of subparagraphs (B) and (C)) of such deceased individual.

(B)(i) For purposes of this subsection, in any case in which such deceased individual dies before attaining age 62 and section 415(a)(1) of this title (as in effect after December 1978) is applicable in determining such individual's primary insurance amount—

(I) such primary insurance amount shall be determined under the formula set forth in section 415(a)(1)(B)(i) and (ii) of this title which is applicable to individuals who initially become eligible for old-age insurance benefits in the second year after the year specified in clause (ii),

(II) the year specified in clause (ii) shall be substituted for the second calendar year specified in section 415(b)(3)(A)(ii)(I) of this title, and

(III) such primary insurance amount shall be increased under section 415(i) of this title as if it were the primary insurance amount referred to in section 415(i)(2)(A)(ii)(II) of this title, except that it shall be increased only for years beginning after the first year after the year specified in clause (ii).

(ii) The year specified in this clause is the earlier of—

(I) the year in which the deceased individual attained age 60, or would have attained age 60 had he lived to that age, or

(II) the second year preceding the year in which the widow or surviving divorced wife first meets the requirements of paragraph (1)(B) or the second year preceding the year in which the deceased individual died, whichever is later.

(iii) This subparagraph shall apply with respect to any benefit under this subsection only to the extent its application does not result in a primary insurance amount for purposes of this subsection which is less than the primary insurance amount otherwise determined for such deceased individual under section 415 of this title.

(C) If such deceased individual was (or upon application would have been) entitled to an old-age insurance benefit which was increased (or subject to being increased) on account of delayed retirement under the provisions of subsection (w) of this section, then, for purposes of this subsection, such individual's primary insurance amount, if less than the old-age insurance benefit (increased, where applicable, under section 415(f)(5), 415(f)(6), or 415(f)(9)(B) of this title and under section 415(i) of this title as if such individual were still alive in the case of an individual who has died) which he was receiving (or would upon application have received) for the month prior to the month in which he died, shall be deemed to be equal to such old-age insurance benefit, and (notwithstanding the provisions of paragraph (3) of subsection (w) of this section) the number of increment months shall include any month in the months of the calendar year in which he died, prior to the month in which he died, which satisfy the conditions in paragraph (2) of subsection (w) of this section.

(D) If the deceased individual (on the basis of whose wages and self-employment income a widow or surviving divorced wife is entitled to widow's insurance benefits under this subsection) was, at any time, entitled to an old-age insurance benefit which was reduced by reason of the application of subsection (q) of this section, the widow's insurance benefit of such widow or surviving divorced wife for any month shall, if the amount of the widow's insurance benefit of such widow or surviving divorced wife (as determined under subparagraph (A) and after application of subsection (q) of this section) is greater than—

(i) the amount of the old-age insurance benefit to which such deceased individual would have been entitled (after application of subsection (q) of this section) for such month if such individual were still living and section 415(f)(5), 415(f)(6), or 415(f)(9)(B) of this title were applied, where applicable, and

(ii) 82½ percent of the primary insurance amount (as determined without regard to subparagraph (C)) of such deceased individual,

be reduced to the amount referred to in clause (i), or (if greater) the amount referred to in clause (ii).

(3) For purposes of paragraph (1), if—

(A) a widow or surviving divorced wife marries after attaining age 60 (or after attaining age 50 if she was entitled before such marriage occurred to benefits based on disability under this subsection), or

(B) a disabled widow or disabled surviving divorced wife described in paragraph (1)(B)(ii) marries after attaining age 50,

such marriage shall be deemed not to have occurred.

(4) The period referred to in paragraph (1)(B)(ii), in the case of any widow or surviving divorced wife, is the period beginning with whichever of the following is the latest:

(A) the month in which occurred the death of the fully insured individual referred to in paragraph (1) on whose wages and self-employment income her benefits are or would be based, or

(B) the last month for which she was entitled to mother's insurance benefits on the basis of the wages and self-employment income of such individual, or

(C) the month in which a previous entitlement to widow's insurance benefits on the basis of such wages and self-employment income terminated because her disability had ceased,

and ending with the month before the month in which she attains age 60, or, if earlier, with the close of the eighty-fourth month following the month with which such period began.

(5) The waiting period referred to in paragraph (1)(F), in the case of any widow or surviving divorced wife, is the earliest period of five consecutive calendar months—

(A) throughout which she has been under a disability, and

(B) which begins not earlier than with whichever of the following is the later: (i) the first day of the seventeenth month before the month in which her application is filed, or (ii) the first day of the fifth month before the month in which the period specified in paragraph (4) begins.

(6) In the case of an individual entitled to monthly insurance benefits payable under this section for any month prior to January 1973 whose benefits were not redetermined under section 102(g) of the Social Security Amendments of 1972, such benefits shall not be redetermined pursuant to such section, but shall be increased pursuant to any general benefit increase (as defined in section 415(i)(3) of this title) or any increase in benefits made under or pursuant to section 415(i) of this title, including for this purpose the increase provided effective for March 1974, as though such redetermination had been made.

(7)(A) The amount of a widow's insurance benefit for each month as determined (after application of the provisions of subsections (q) and (k) of this section, paragraph (2)(D), and paragraph (3)) shall be reduced (but not below zero) by an amount equal to two-thirds of the amount of any monthly periodic benefit payable to such widow (or surviving divorced wife) for such month which is based upon her earnings while in the service of the Federal Government or any State (or any political subdivision thereof, as defined in section 418(b)(2) of this title) if, on the last day she was employed by such entity, such service did not constitute "employment" as defined in section 410 of this title for purposes of this subchapter. The amount of the reduction in any benefit under this subparagraph, if not a multiple of $0.10, shall be rounded to the next higher multiple of $0.10.
